Gold Stick to the Queen---what's that about? We've seen images of Elizabeth II inspecting huge stacks of gold in London vaults. Is the gold supposed to stick to her? In a non-humorous sense I'd say yes. This is the same unfathomably wealthy old broomstick rider whose image appears on Royal Canadian Mint one ounce gold coins ridiculously stamped as worth \$50 in Canadian dollar paper currency! They may as well have been minting these coins with \$35 stamped on them to fantasize that the old London Gold Pool of the 60s was still in effect. Gold Stick to the Queen however refers to a ceremonial bodyguard position created during the Tudor period in England of the 1500s---the century in which relations with the Pope of Rome reached the greatest friction and King Henry VIII created the Protestant Anglican Church of England as a state religion controlled by the Royals, not by the Vatican. The biggest defeat by far ever suffered by Catholic power was in late July 1588 when the Spanish Armada of 130 large ships with an invasion

force went down to defeat by England. Even Wikipedia admits the goal of the invasion was to overthrow Queen Elizabeth I and eliminate Protestantism in England

[https://en.wikipedia.org/wiki/Spanish\\_Armada](https://en.wikipedia.org/wiki/Spanish_Armada) This battle was as large a turning point in history as I am aware of; because had Spain seized control over England, everyone in America, Canada and Australia might be speaking Spanish, and we might have been nearly all Catholic!

1588

Pope Sixtus the Fifth, ruling the Vatican empire at that time, must have been constipated for days when word of the Armada's destruction reached Rome. He upheld the excommunication of Elizabeth the First, a matter she probably laughed about

[https://en.wikipedia.org/wiki/Pope\\_Sixtus\\_V#Death\\_and\\_legacy](https://en.wikipedia.org/wiki/Pope_Sixtus_V#Death_and_legacy) "Pope 65" wanted to annihilate the Turks and conquer Egypt. He was a seriously malevolent person, with power shifting from military to religious and titles changing from Emperors to Popes. The Romans left their genetics in Britain before the time of the Popes; those genetics helped the English prevail, combined with Saxon, Norman, Frisian and Norse. King Henry VIII, founder of the Protestant Anglican Church of England in AD 1534---the Vatican is NOT a member of the World Council of Churches---Pope Clement VII at left, successfully flouted by The King of England---

Current holder of this important Gold Stick title is Charles Ronald Llewelyn Guthrie, also known as Baron Guthrie of Craigiebank, Pilgrims Society of Great Britain, Knight Grand Cross Order of the Bath, Royal Victorian Order, Order of the British Empire, Deputy Lieutenant to the Sovereign. Guthrie was born in 1938 in London, heir to significant landholdings in Scotland. He was educated at Harrow School (founded 1572) and the Royal Military Academy at Sandhurst (dates to the anti-American War of 1812, started by England because we failed to renew the United States Bank charter). In 1959 Guthrie entered the Welsh Guards with a commission. By 1966 he commanded troops in Yemen, the Persian Gulf, East Africa, the United Kingdom, West Germany and Cyprus. By 1973 he was a member of the General Staff in London. He became a lieutenant Colonel, then a Brigade Major for the Royal Division in 1976. He was stationed over Northern Ireland in 1980. Guthrie held numerous other positions including in 1992 Commander of British Army of the Rhine River Germany as a full General (NATO). As of 1993 Guthrie was appointed Aide-De-Camp to the Queen and Chief of the General Staff in 1994. As Chief of the British Defense Staff in 1997 he oversaw the war in Kosovo. In 2001 he retired from active military service. Another of Guthrie's earlier posts was as Commandant of the British Intelligence Corps in 1986. His military interests have included covert reconnaissance and counter terrorism. In June 2001 he received the title Baron Guthrie of Craigiebank and a member of the House of Lords of Parliament and he's also known as Lord Guthrie and also as General Lord Guthrie! Not

that he's lordly in a general sense, but as in his having been a military General. The British upper crust aristocracy couldn't breathe without so many titles indicating supremacy over commoners. He received the honorary title of Field Marshall in June 2012. Silver Stick to the Queen is the Commander of the Royal Household Cavalry <https://www.revolvy.com/page/Gold-Stick-and-Silver-Stick>

Guthrie is president of several charities, including Action Medical Research, the Army Benevolent Fund, Soldier On, the Federation of London Youth Clubs and the Progressive

Supranuclear Palsy Association. He is a Deputy Lieutenant for Dorset. A Roman Catholic convert, he became a Knight of Malta and is a Patron of the Catholic homeless charities Cardinal Hume Centre and Caritas Anchor House. He became Chancellor of Liverpool Hope University in July 2013. He currently serves as Senior Advisor to Ron Wahid, Chairman of Arcanum, a subsidiary of Magellan Investment Holding.”

In case you didn't figure it out from the title of this presentation, it isn't only about the Rothschilds---it's about the Royals, and actually the emphasis is on them! Guthrie was a Rothschild [director](#) during 2001-2009. That hardly ended his association with them. But Guthrie is a man who has linkage with Catholics and other Zionists than the Rothschilds. It's all relevant.

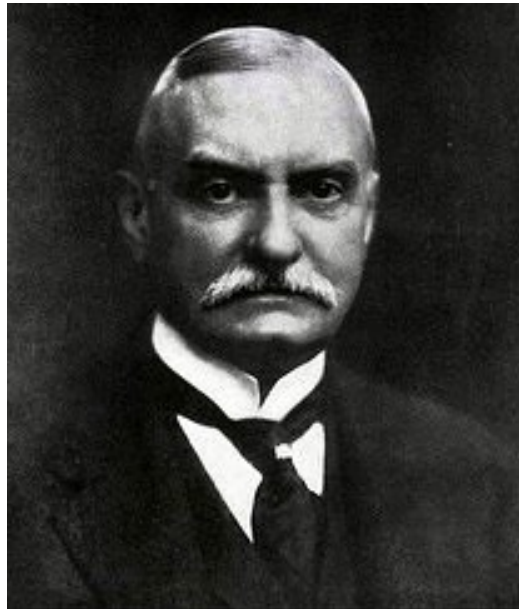

We now have more aspects to review about Baron Guthrie! His is another example of a highly placed man who is openly Roman Catholic and even a member of the Papal Knights of Malta, yet nowhere I've been able to locate in any public information on Guthrie is any mention made of his membership in The Pilgrims Society! It has every resemblance of being

another case of the Royals penetrating the Vatican. Guthrie “converted” to Catholicism in the 1980s, probably due to his strong background in military espionage, as a plant in Catholic affairs for the Royals, his real bosses. Other examples which we don’t have appropriate chance at this time to give detailed info on include Thomas Fortune Ryan, a financier (1851-1928) who dominated in 30 corporations in insurance, machine guns, gem diamonds and more; J. Peter Grace, a chemical magnate (1913-1995) who was a director of Citicorp, Ingersoll-Rand, Magnavox and president of the Knights of Malta in America; Father Theodore Hesburgh (1917-2015) of Notre Dame University, who was a Chase Manhattan Bank director, the Dukes of Norfolk, and other openly Roman Catholic figures who determined it not advisable to ever state in any public admission as to their membership in The Pilgrims, a decidedly Royalist organization. The Pilgrims 1990; Hewitt married into the Deere & Company fortune and has lots of dealings with China and Russia--

Hesburgh, Rev. Theodore M.  
Hewitt, The Hon. William  
Alexander

An exceptionally shadowy character now on the scene, Guy Stair Saintry who represents bewilderingly complex old genealogies of prominent historic personages is openly Catholic, says nothing about his Pilgrims activities. So! Guthrie

is openly a Knight of Malta, and undercover a member of The Pilgrims Society! I can't see how it's reasonable to not conclude his Royalist linkage matters more to him than his Catholic linkage! Thomas Fortune Ryan, the Pilgrims Society member of whom it was said, "If he had enough time, he'd have all the money in the world"---

Regardless, there will be those who will start hollering "See? The Royals are subordinate to the Pope and this connection Guthrie has proves it!" Now to add still more raunchy flavor to Guthrie's background, we will include the following detail, rather than chance a critic finding it and saying "you only include info that appears to substantiate your conclusions!"

[https://en.wikipedia.org/wiki/Barony\\_of\\_Craigie](https://en.wikipedia.org/wiki/Barony_of_Craigie) ---

Right off we see the Star of David, associated with Judaism and Zionism. Now we will be told Guthrie is a Zionist Jew. I don't buy it however. His top association is with the Royals, who run the Protestant Anglican Church of England. Anyone can borrow any symbol from any group and incorporate it into their own message. The swastika is an Indian origin symbol borrowed by Germans. However, would he not favor Israel over its neighbors? Most definitely, as this has been the stance of Anglicans for decades. They are ready to use the Israel-Arab friction as basis for another World War. And I never said Jews aren't an important faction in world finance. So now a bit about the Rothschild interests Guthrie is (officially) an "ex" of---

Ashley Gardens Block 2 Ltd is an upscale real estate development in Westminster London. Colt Defense, located in West Hartford Connecticut, manufactures handguns and rifles for soldiers and law enforcement personnel. It traces to [1836](#) when Samuel Colt was issued a gun patent; he supplied weapons used by U.S. soldiers in the Mexican-American War of 1847 which happened because America annexed Texas. “Sam Colt made all men equal” is the famous slogan attributed to his

life's work; meaning clearly, that an armed 140 pound man was potentially equal to an armed 280 pound man. He supplied guns to the Texas Rangers and to both sides in the Civil War and in 1862 died as "one of the [wealthiest](#) men in America" supposedly worth \$15 million at the time. Samuel Sloan Colt of this same family (1892-1975) was in The Pilgrims 1969. He was a [director](#) of Eurofund, Mutual Life Insurance, Bankers Trust, Federal Reserve Bank of New York, General Electric, American Can Company, Commissioner of the Port Authority of New York, War Fund Program, National Medical Education Fund; perversely, he was married to a Van Buren, of the family of President Martin Van Buren (1837-1841) who opposed a central bank and favored gold and silver over printed notes. S.S. Colt's maternal grandfather was a big railroad magnate in Delaware and Pennsylvania.

Sciens Capital is a hedge fund operation connected to Colt Defense. [SC](#) is involved in infrastructure of utilities and transportation, intellectual property, managed accounts and other sectors. It also operates funds investing in extremely rare natural fancy colored diamonds.

Petropavlovsk was co-founded in 1994 by Peter Hambro, relative of Rupert Hambro (Pilgrims Society London) who has been head of The Silver Trust, silversmiths, and many other interests. Petropavlovsk produces around 425,000 [ounces](#) of gold per annum. Gold Stick to the Queen, indeed! I notice Guthrie’s [board](#) membership here was from 2008 to 2015 and that “Guthrie has made very large amounts of money through his extensive business links with Russia and other former Soviet bloc countries.”

Guthrie is president of Turkana Appeal

Baron Guthrie of Craigiebank, openly Roman Catholic and a member of the Papal Knights of Malta, is “underground” (not public) as to his Pilgrims Society membership, a decidedly

Royalist led organization, and the Royals and the Popes have been in conflict long before King Henry VIII founded the Church of England in AD 1534! On July 6, 1535, King Henry VIII oversaw the [execution](#) of highly placed Roman Catholic Sir Thomas More. On December 29, 1170, the then Catholic Archbishop of Canterbury Cathedral Thomas Becket was assassinated by knights of King Henry II; Henry refused to order their arrest. The 1964 [movie](#) “Becket” with Richard Burton is about Becket’s friction with the King. The Order of Malta dates all the way back to AD [1048](#) and more formally to AD 1113 as a Catholic crusader group in the Holy Land. Today this group has about 13,000 members in many countries, invariably men of influence and usually of wealth.

<https://foreignpolicy.com/2011/01/19/who-are-the-knights-of-malta-and-what-do-they-want/> (see following symbol) ---

# Who Are the Knights of Malta — and What Do They Want?

They're a secretive religious order with a long and bloody history and unique status under international law, but that doesn't mean they run the world.

This group, which stands in relation to the Popes in nearly a similar way as The Pilgrims stand in relation to British sovereigns, has medical missions as cover fronts in 120 nations and diplomatic ties with 104 nations! We incessantly hear a very great deal about Israeli Zionist influence, and not so much about Catholic influence, which after all has been extant for many more centuries, and has persecuted Jews, most notably La Torquemada in Spain. Certainly there are far more Catholics than Jews in the world, regardless that doubtless Jews average more wealthy. This applies to the scores of millions of poor Catholics all over the Western hemisphere in Spanish speaking countries---not to wealthy Catholics! Like The Pilgrims, membership is by invitation only. By the number of members, the Knights of Malta or Order of Malta more resembles the Order of the British Empire than the more elite Pilgrims Society. More from the link above---

The leader of the order, referred to as the [prince and grand master](#), is elected for life in a secret conclave and must be approved by the pope.

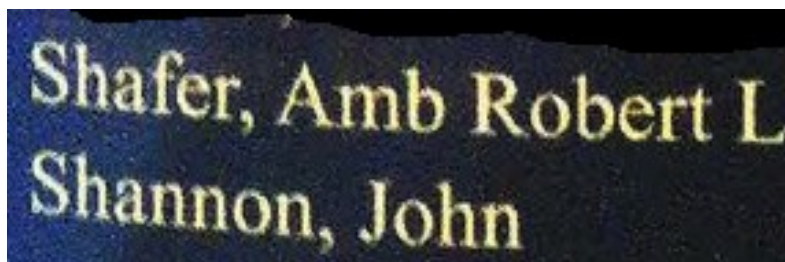

Despite having no fixed territory besides its headquarters building in Rome, the order is considered a sovereign entity under international law. It prints its own postage stamps and coins — though these are mostly for novelty value — and enjoys observer status at the United Nations, which [classifies it](#) as a nonstate entity like the Red Cross. The Knights [maintain diplomatic relations](#) with 104 countries. The order does not have official relations with the United States, though it has offices in New York, for the United Nations delegation, and Washington, for its representation at the Inter-American Development Bank.

Because of its secretive proceedings, unique political status, and association with the Crusades, the order has been a [popular target](#) for [conspiracy theorists](#).

Since 2004 Shafer has been the Permanent [Observer](#) for the Sovereign Military Order of Malta at the United Nations. Another extremely highly placed Roman Catholic who is not the

least faint trace public as to his membership in the Royalist Pilgrims Society! Shafer is or has been a director of some significant mutual funds and other positions. Openly Catholic, secretly Royalist, Ambassador Shafer addresses the United Nations---

John Shannon works directly with so many dynastic families, old-line genealogically linked dynasties tracing back centuries to colonial times and earlier to England and Europe, through the immensely important Hereditary Society Community and as president of the College of Arms Foundation---Shannon is a key Royalist agent here in the American “colonies” and doubtless

secretly and out of view, a member of the top Royalist group, The Pilgrims. Guthrie is a Royalist “plant” in Vatican affairs! <http://www.ncregister.com/daily-news/lord-guthrie-follows-path-of-sts.-george-and-martin-of-tours> The National Catholic Register interviewed Baron Guthrie of Craigiebank. He made no mention of his membership in The Pilgrims Society, sponsored by the same people who head the Protestant Anglican Church of England---the British Royal family!

In [1888](#) by Royal charter of Queen Victoria, the Order of Saint John of Jerusalem was officially launched as the Protestant faction tracing to the Holy Land Crusades long ago. The [USA](#) chapter traces to an Episcopal bishop. Pilgrims Society members like John R. Drexel IV and A. Marshall Acuff are among its top managers. Acuff of the Episcopal Church Foundation and Silvercrest Asset Management provides “wealth advisory [services](#) to meet the financial goals of ultra

high net worth families.” It does use a variation of the same historic Crusader symbol used by the Order of Malta---The Duke of Gloucester at a USA ceremonial event---

Liverpool Hope University, of which Baron Guthrie is current chancellor, traces to [1844](#) and has over 5,000 students; naturally he has a team of subordinates administering the institution according to his dictates---

As a member of the British House of Lords since July 23, [2001](#), Guthrie's areas of [interest](#) include homeland defense, international affairs, education and health and medicine. He lists six foreign jurisdictions as his focus---North Korea, Yemen, Oman, Poland, Hong Kong and all of Latin America. Guthrie has received [funds](#) from the Sultan of Oman in 2005-2007. Elizabeth II wearing a ruby necklace worth millions and Sultan Qaboos of Oman, very wealthy in his own domain---

According to the [Manchester](#) England Literary and Philosophical Society, Charlie Guthrie's country interests also extend to India and South America. Guthrie addressed this group on June 15, 2016 in a speech titled "A Just War"---

We also read about Guthrie being senior advisor to Ron Wahid, chairman of Arcanum, a subsidiary of Magellan Investment Holding. <https://www.intelligenceonline.com/corporate-intelligence/2017/08/23/lord-guthrie-comes-aboard-at-arcanum> mentions Arcanum Corporate Intelligence is headed by Ron Wahid. Wahid is a Bangladeshi-American tycoon (no, not a Pilgrims member as of latest info) and in his London office are signed photographs of him with three USA Presidents. The September 17, 2017 Financial [Times](#) mentioned Meir Dagan (deceased), once head of the Israeli Mossad, was on the Arcanum board and that Arcanum was part of “the secrets industry.” According to <https://foreignpolicy.com/author/m-ron-wahid/> this Wahid character is a director of the Foundation for the Defense of Democracies. In May 2015, former U.S. Deputy Assistant Secretary of Defense, James [CLAD](#), joined

Arcanum; probably hates silver coins! We could do a whole other research on Arcanum! Suffice this to be a bare bones summary and you can look more up---Baron Guthrie is “senior adviser” to this spymaster-intelligence group, interlocked with the warmongering FDD (next) symbol following---

## **Lord Guthrie comes aboard at Arcanum**

Founded in 2001, [FDD's](#) main focus is on Iran and feels we must attack Iran with everything we have---this group has a three man “Leadership Council.” Pilgrims Society member George P. Both Baron Guthrie and Lord Robertson (Pilgrims Society), Secretary General of NATO (1999-2004), member of the Privy Council to the Crown, president of the Royal Institute for International Affairs, [director](#) of corporations including TNK-BP, a Russian oil producer with 50,000 employees, at right have vigorously denounced the Scottish national independence movement---a touch odd that a NATO chief would be a board member of a major Russian corporation---such are the intrigues and influences of Pilgrims Society operators---Guthrie was described by [Thorium](#) Power Corporation as “**a highly distinguished and accomplished international dignitary**” whose accomplishments have been recognized and rewarded on numerous occasions. His global work as an adviser to corporations and heads of state are commensurate with initiatives set forth for the International Advisory Board”---since renamed Lightbridge Corporation, based in Virginia, to which Guthrie was or is an adviser---

Guthrie [boasted](#) "I have been involved in

Lord Robertson additionally is Patron of the [British](#)-American Project founded in 1985, having some 1,200 business leaders, which is obviously a way to draw in more influential personages without allowing them to become Pilgrims Society members! Robert V. Roosa, Pilgrims Society, was a Texaco director with Burke and Roosa was Undersecretary of the Treasury when silver coins were scrapped in 1965---

The American Ordnance Association is since known as National Defense Industrial Association---

The Inner Wheel Club dating to 1924 is about “fostering international understanding” (globalism) and has similarities with the Rotarians or Rotary Club International---

Burke (see document scan following) was on The Pilgrims NYC executive committee. Drexel descended from the mentor of the original J.P. Morgan! Drexel had business dealings with the Firestone family (Pilgrims Society) and acquired an Astor (Pilgrims Society) as a daughter in law. Henry Sturgis Morgan, grandson of the original J.P. Morgan and third generation member, founded Morgan Stanley & Company in 1935 with another member, Harold Stanley; Henry was a director of Aetna Insurance, Connecticut General Life and General

Electric. Henry married Catherine Adams, of the famous Presidential family who screwed Andrew Jackson out of the Presidency in 1824 and backed the second United States Bank! Henry was also a director of Pullman Company, an overseer of Harvard University and during World War Two he was a [member](#) of the OSS, Office of Strategic Services, forerunner of the Central Intelligence Agency. Morgan Stanley has raised huge sums for Silver Users Association chemical industry interests.

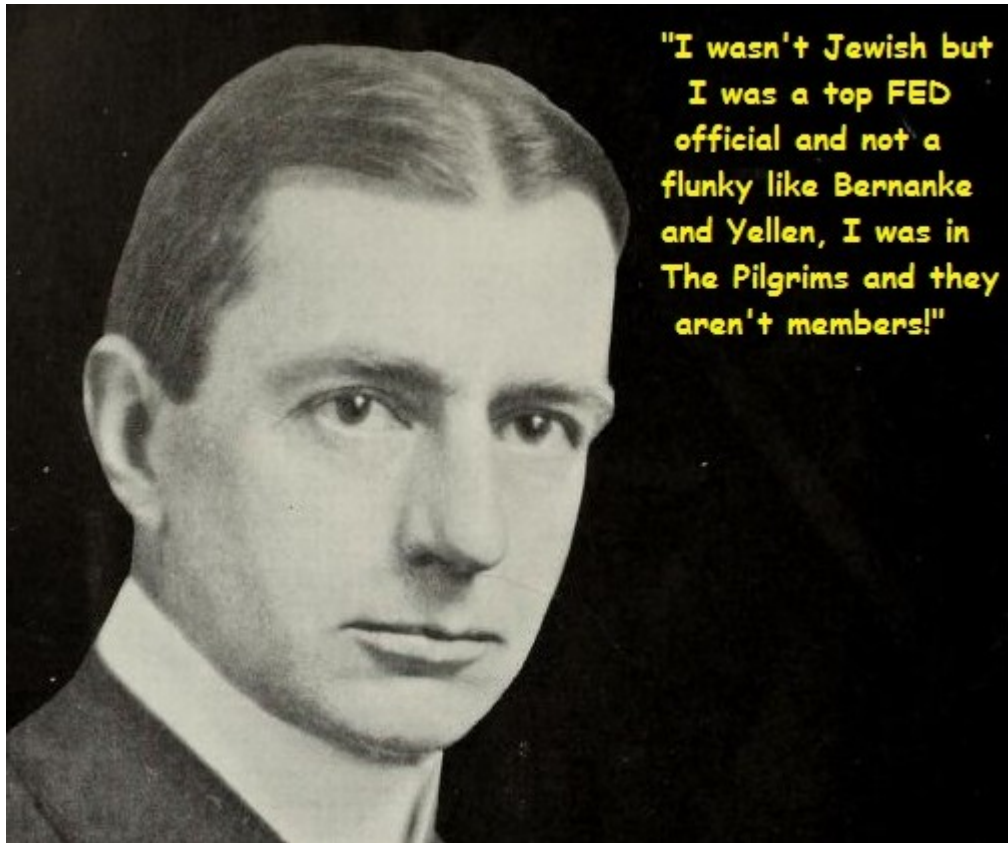

Malcolm Muir was in control of Newsweek Magazine; he was an Episcopalian, member of the Atlantic Council in D.C. which advocates USA merger with the United Kingdom; Muir was with the War Production Board in 1943. Pyne had ancestry from such Pilgrims Society dynasties as the Howlands (original Mayflower voyage) and the Pells; the Pynes received considerable size British Royal [land](#) grant in what became Westchester County New York. The Pyne family, long associated with what became Citigroup, inherited enormous [wealth](#) from Moses Taylor, considered by many to be the top Manhattan

banker of the 1800s, and held vast railroad interests; by the close of the Civil War one of MT's railroad holdings alone was worth \$50 million, and his line intersects with the Winthrops of old Massachusetts Bay Colony, who got sizeable Boston area land holdings. Rouse was Consul General of Great Britain in New York; he descended from a prominent English landowner who was a Member of Parliament for over twenty years (1584-1605). Strong was a second generation Pilgrims member; this is another [Episcopalian](#) family; Wiki says of his [father](#)---

“Benjamin Strong Jr. (December 22, 1872 – October 16, 1928) was an American banker. He served as Governor of the Federal Reserve Bank of New York for 14 years until his death. Strong exerted great influence over the policy and actions of the entire Federal Reserve System—and indeed over the financial policies of all of the United States and Europe.”

The Strongs descend from old colonial Massachusetts, year 1630 when an ancestor arrived from merry old England.

Guthrie is one of the elite with endless biographies and connections; here's one of his most important and it's in D.C. where President Trump's strings can be pulled to attack Iran---

The CSIS is correspondent to the London based International Institute for Strategic Studies, definitely another Pilgrims Society front. Together these two think tanks are planning World War Three! These Anglo-Americans admitted to planning World War One years in advance (Review of Reviews, May 1902, pages 555-558!)

According to

[https://www.sourcewatch.org/index.php/Lord\\_Guthrie](https://www.sourcewatch.org/index.php/Lord_Guthrie) is also a director of Advanced Interactive Systems and AON LTD. and

council member of the International Institute for Strategic Studies in London! So Guthrie is in deep with the two most important military “think tanks” in the so-called Western alliance! The UK and the USA, Pilgrim Partners “Special Relationship!”

The IISS, founded in 1958, relocated in 1997 to Arundel House London---  
On this site nearly 2000 years Ago the Romans built Public baths; in 1549 the Land was acquired by Henry FitzAlan, 12<sup>th</sup> Earl of Arundel---

The Pilgrims London 2014 shows John Chipman, head of the IISS, has been a Pilgrims member since 2005---Jonathan is a fascinating character who went from silver antagonist Morgan Stanley to founding African Century Group in agriculture, real [estate](#) in Mozambique, heavy equipment for oil and gas industry, mining in [Zimbabwe](#) and financial services. Tim is in pension [fund](#) and health care management, which is bad for hapless commoners. Dominick is a career British diplomat and currently Ambassador to Turkey---a strategic post---

Source [Watch](#) reports Lord Guthrie to be a director of Advanced Interactive Systems and AON Ltd.

[AON LTD.](#) Based in London, has 69,000 employees and is a professional services firm operating in 120 countries in the areas of retirement and health consulting and is or was the world's largest insurance broker with around \$27 billion in assets---

Parliament link shows Guthrie holds shares in Palantir Technologies specializing in “big data analytics” and [Wiki](#) states “The company's name is derived from *The Lord of the Rings* a *Palantir* is an artifact used to communicate with or see faraway parts of the world.” Palantir has Peter [Thiel](#) as its founder, who was a securities specialist with Sullivan & Cromwell in Manhattan, probably the single most important law firm representing USA Pilgrims Society members, and he happens to be on Bilderberg steering committee. As of 2014 details he wasn't listed in the older (and superior) Pilgrims Society. I regard it as a high probability since however. It's very likely the Rothschilds and Windsors and possibly the Vatican/Order of Malta also hold shares in any company Guthrie has been involved with, and he's a porcupine with many quills---“Palantir [knows](#) everything about you”---

**Current Board of Directors of Rivada Networks:**

- Declan Ganley, Founder and CEO.
- Michael P. Jackson.
- General Richard B. Myers.
- Peter Goldscheider.
- Field Marshal the Lord Charles Guthrie, Baron Guthrie of Craigiebank.
- Governor John Ellis "Jeb" Bush.
- George Foresman.
- Joesph Euteneuer.

<https://www.rivada.com/#our-people> shows other Rivada directors are ex Florida Governor Jeb Bush, ex Maryland Governor Martin O' Malley, George Foresman, ex Undersecretary of Homeland Security, Admiral Jim Loy, former Deputy Secretary of Homeland Security, Michael P. Jackson, another ex Deputy Secretary of Homeland Security and Don De Marino of the U.S.-Arab Chamber of Commerce. Euteneuer was a Comcast exec. [General](#) Myers, a possible Pilgrims member (unconfirmed) appeared on such boards as Northrop Grumman, United Technologies and Deere & Company; he was an early spear carrier in the "War on Terror."

# Homeland Security

Rivada is clearly “special,” as are all of Lord Guthrie’s Pilgrims Society activities. Rivada operates wireless “public safety” communications networks. Therefore, it’s into controlling and surveilling the public! It markets [communications](#) systems to police agencies at all levels of government. It’s into enhanced location based “services” to locate you even when a GPS signal is unavailable, with a “five fold improvement” in location tech via smart phones. They want to know just where they can pick you up for interrogation, detention, and (?) liquidation, apparently. It could also boost civil asset forfeiture activities to know where your auto can be grabbed, and if you’ve a Rolex or jewelry, those too may be transferred to this Crown tentacle--- <https://www.rivada.com/#our-technology> --- they’re also active in Europe and Russia---

**“RUTHLESS PREEMPTION” ---**

Rivada's HQ is at 1755 Telstar Drive in Colorado Springs Colorado---named after "Telstar" a NASA satellite launched in July 1962---

Guthrie is a former board member of the [Moscow](#) School of Political Studies and also ex of Ben Gurion University in Israel--- the BGU post was most likely due to his association with the Rothschilds---

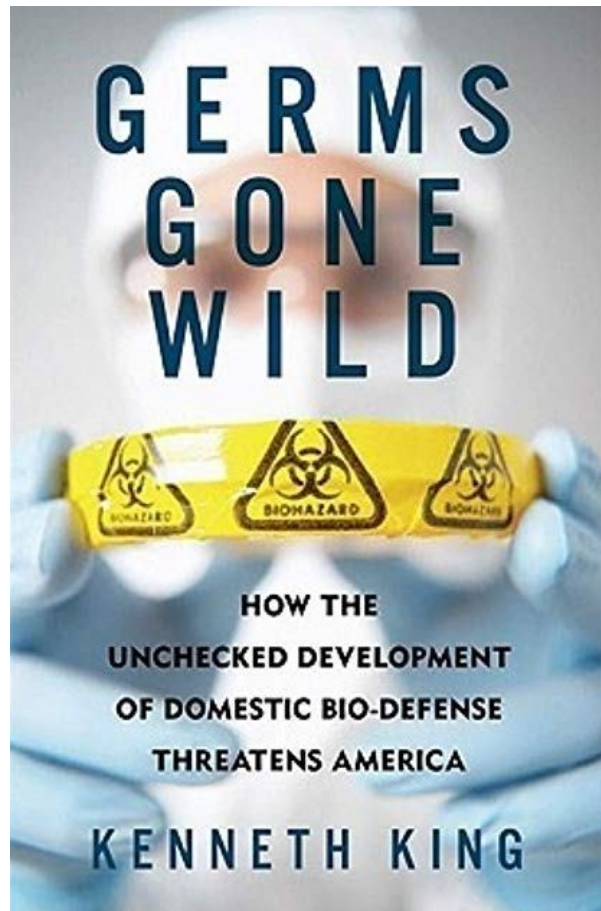

Guthrie, Pilgrims Society member, is on the advisory [board](#) to the Vijay Amritraj Foundation which sponsors “medical missions” (vaccine pushers in India) ---

Lord Guthrie is a patron of the Burnaby Blue Foundation, an English “charity” involved in relief work for deprived children; that more or less is the official line. They are vaccine **hucksters**.

Guthrie was or is a consultant to BioDefense Corporation in Boston (“[Germs](#) Gone Wild---How the Unchecked Development of Domestic Biodefense Threatens America” 2010) author Kenneth King shows they retained General Guthrie to hype its activities for U.K. sales campaigns---

<https://www.bloomberg.com/research/stocks/private> ---

BioDefense Corporation engages in the research and development of solutions for the homeland security and mitigation of bioterrorism. The company offers MailDefender that annihilates anthrax and other harmful pathogens; and MAIL SAFE CHECK, an incoming mail diagnostic tool that determines dangerous pathogens. It serves banking institutions, Las Vegas hotels, congressional offices, foreign embassies, The U.S. Department of Justice, The U.S. Department of Defense, alcohol tobacco and firearms, and The United Nations. The company was founded in 2001 and is headquartered in Boston, Massachusetts.

Still another Guthrie involvement is the Strong Cities [Network](#)---  
(Link is from critical source) ---

“SCN’s initial step consists of linking city governments to the London-based Institute for Strategic Dialogue (ISD), which will exert control over a city’s law-enforcement policy. Setting guidelines for police and working toward disarming civilians are its two main goals. This foreign-based group doesn’t hide its determination to grab the weapons of those who are classified Right-leaning. Four American cities have already affiliated with SCN’s Institute for Strategic Dialogue. They are New York, Denver, Atlanta, and Minneapolis. Canada’s Montreal quickly followed them. These cities are now linked with European cities, where citizens labeled as members of the Right have already experienced the grab for personally owned weapons. Board members of the ISD include England’s Baron Charles Guthrie, who is a Rothschild banker, a Trilateral Commission member, and a Bilderberg veteran.”

The Strong Cities Network is sponsored by the Institute for Strategic Dialogue <https://www.isdglobal.org/> Headquarters is in London with branch offices in Washington D.C., Amman Jordan, Beirut Lebanon and Montreal Canada. It has over 100 member cities (see [list](#)) in its Strong Cities Network and is “advising” 15 “major governments.”

The Institute for Strategic Dialogue founded in 2006 and has partnered with Google in “Google Innovation Fund” to “counter hate and extremism in the U.K.,” the ISD opposes “hate and extremism” and is interested in boosting “effective policymaking” and “innovative technology and communications” (surveillance over common folk and dissidents!) The ISD and its sponsorship of the Strong Cities

Network globalizes local police power! The Royals and the financiers want to control the masses!

Another of Guthrie's ties to the Royals---

<https://www.windsorleadership.org.uk/>

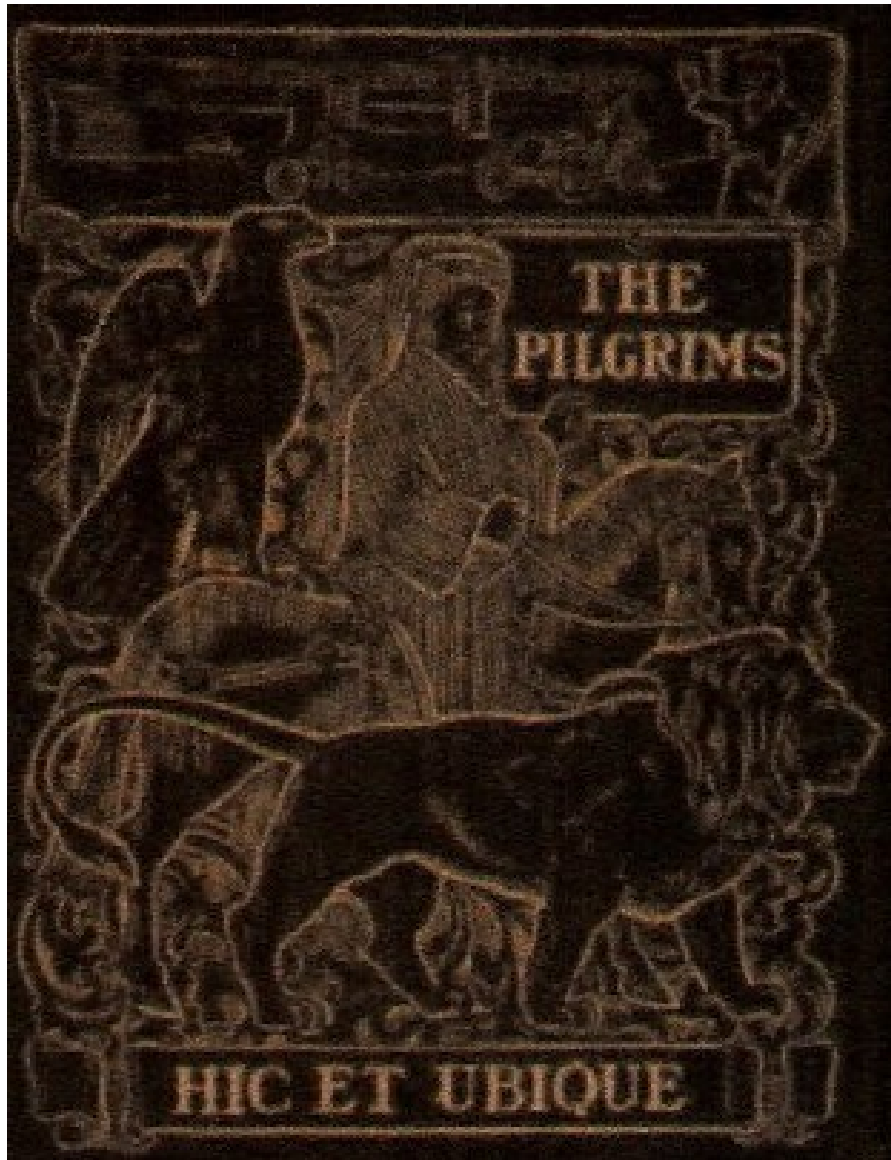

Guthrie has Rothschild and Israeli connections, and Vatican Catholic connections, but I have no hesitancy concluding that Guthrie's Royal connections are what matter most of all to him; he's one of their top boys infiltrating and influencing other groups with so many royalist nuances---they appear happy knowing their offspring and their influence networks will carry on their goal of world domination, world population reduction and world cartelization after they breathe their last---

Dinner for  
GENERAL SIR CHARLES GUTHRIE  
[Now Lord Guthrie]

# MY DEEPEST APOLOGIES!

Gee, I'm sorry I can't deliver any interesting content for interviews with USA Watchdog, SGT Report, Wall Street for Main Street, Daily Coin, Reluctant Preppers, World Alternative Media, Solari Report, Financial Survival Network, X22 Report, Dark Journalist, Silver Doctors Elijah Johnson, Rogue Money, Future Money Trends, Crush the Street, Sarah Westall, Dave Janda and so forth. Because to them "interesting content" evidently means **"what do you have to market for purchase price to our audiences?"** If asked, they all insist they don't get paid for these obvious sales and marketing promotions for paid newsletter subscriptions, bullion, numismatic gold, mining shares, prepping supplies and much more. Do you believe they all do this for free? How many advertising businesses coast to coast provide free advertising for people selling things, and then they ask the public to subsidize them by sending in donations? So they can provide free marketing services to people trying to sell things to them? You can't "fight globalism" by misleading audiences as to financial relationships between hosts and interview guests! That's my opinion as to what's taking place. If you can see past blind personality worship of puffed up blowhards and windbags whose reason for being

seems to be accessing your finances, what does this arena look like to you? The interviewers are helping guests draw money from audiences, and in return for that, the guests never compensate the hosts for these promotions? Sure! And you also know lots of hospitals that just never bill anyone! If you want to save \$997, you can get all free resource stock picks in precious metals at 321 Gold! Notice too the interviewers hardly ever hold guests to account for bad price and timing forecasts from “silver gurus” (“silver will never trade under \$30 again,” fall 2012 declaration, still as this is released in October 2018, wrong for 66 straight consecutive months running since mid-April 2013!) More recently we are told “silver will be \$100 in 2018” and then he added “or 2019” and if 2019, it could be on the final trading day and the “guru” would still be right. Dismal aspects like this are why I withdrew my large research archives from his site recently after 17 years of association.

**How much ability does it take to cast a net over an increasingly extensive span of time? Should someone be accorded expert status by being given unlimited dart tosses at the bullseye?**

Stop chucking money for subscriptions promoted by You Tube interview channels! The web is loaded with free info, I was able to ferret out enough to have been in on a private placement with Silver Standard in 2001; I didn't get there by buying a

subscription newsletter! Better to buy bullets and beans! If you've a local metals dealer, do business there to help him stay in business as it could become more RISKY to ship PM's! It could be ripped off by an employee of FEDEX, UPS or the Postal Service or intercepted by some overbearing Uncle Sam type.

It isn't cool to be a free information provider when all the interviewers and guests are there to siphon money from their bamboozled audiences mesmerized by misplaced hero worship of money thirsty acquisitive personalities getting timing forecasts wrong for tedious years on end. I'd appreciate it if they'd just admit those are paid promotions.

Start my own channel? My writing efforts take up too much time after my other necessities. Besides, these operators already have established presence and could have fast forwarded info to the public; it would take years to build a channel. If something isn't offered for purchase to viewers, the subject content can't possibly be of any interest! The interviewers record of guests defines that this is their viewpoint! So then I must assume God will severely chastise me for not being after the finances of anyone who reads my research pieces!
