"I can smell gold a thousand miles away!"

---"Professionals for a Massacre" 1967

Ever seen a 10,000-ounce silver ingot? Read this MMM series!

Peter Hug spewed out misdirection in a Kitco [interview](#) on March 17, 2020. Hug worked for Nick Deak who had shady [connections](#). A far better view is at <https://www.sprottmoney.com/Blog/bullion-bank-and-central-bank-collusion.html> On March 19, 2020, Bob Moriarty of 321 Gold posted a brief, and childishly simplistic laughingstock [denial](#) that manipulation has just occurred to crash silver. It would win over anyone in special education class. This inadequately brief and

intellectually incapacitated “golly gee whiz” article failed to address SHORT CONCENTRATION and POSITION LIMITS which Butler has long been champion of complaining about. Why address any point that shoots your la-la land idea down, Bob? **Powerful foreigners who were torched by concentrated COMEX silver shorts and complicit regulators were painfully aware of the illegal short corner in silver OVER FORTY (40) YEARS AGO BOB!** Nor did Bob address the obvious “rat’s rump on a banana split” interest conflicts of the scandalous staffing shuttle between the CFTC and the bullion banks! But! Bob now confirms himself as eminently acceptable in a “mental health” sense---“mentally healthy” people do not believe that big bankers are out to screw anyone! Even Treasury Secretary Douglas Dillon admitted plans to hold silver low in The Economist, London, July 13, 1963, page 166. Silver (and gold) MUST be suppressed to prevent undue embarrassment to Federal Reserve “money” lest too many start thinking metals should be remonetized as currency! Also the COMEX unstated rule is that big banks can sell short what can’t be delivered, and they NEVER have to cover on an upswing! “Allocations” (rationing) of silver eagles has taken place for years, and would not have if a free market price for mined silver had prevailed! **Has Bob Moriarty been paid off, or is he just genetically missing the specific brain cells to grasp these matters? Does Mister “BM” know anything about the “Crime of 73?” Was it caused by a conspiracy, in the opinion of the millions of people whose wealth was destroyed by a tiny handful of gold magnates and their monometallic “gold only” subordinates in the United States Congress?**

Who is a bigger wheel, Eric Sprott or Bob Moriarty? Eric Sprott, very likely. Whose views does Eric Sprott routinely headline? Craig Hemke. Does Hemke conclude precious metals are manipulated? Yes he DOES!

"RUMOR HAS IT THAT SOME WEALTHY SAUDI ARABIANS ARE PRESSURING THE STATE DEPARTMENT TO USE ITS INFLUENCE TO HAVE FREE TRADING RESTORED IN THE COMEX SILVER MARKET."

Charles Savoie asserts that all PM is controlled by "The Pilgrim Society" Its certainly an interesting read! - Quote:

"The Pilgrim Society founded on July 24, 1902, with thousands of interlocking connections, is closer to the inner circle of the New World Order conspiracy than the CFR. The Pilgrim Society, initially funded by the Rhodes Foundation, is the most secretive and certainly the most dangerous such organization, and is in control of the world's money supply. The Pilgrim Society has controlled every president since Theodore Roosevelt."

On Friday the 13th, March 2020, and extending into March 16 Monday, we witnessed the Money Power lashing out against the monetary metals with a monstrous berserk ferocity that would make bloodthirsty pillaging Mongol horsemen seem like meek "castrati" choirboys.

“The most powerful international society on earth, the “Pilgrims,” is so wrapped in silence that few Americans know even of its existence since 1903.” ---E.C. Knuth, “The Empire of The City: World Superstate” (Milwaukee, 1946), page 9.

“This is the most powerful and secretive group in the world bar none”
---my great European colleague Joel Van Der Reijden

The following is from the Christian Science Monitor, December 2, 1964, reprinted in the House version of the Congressional Record on January 5, 1965, page 110--- Robert V. Roosa was a very key player with his boss at Treasury, Douglas Dillon, in eliminating silver coinage as of 1965--- both members of The Pilgrims Society---this information has **NO VALUE WHATSOEVER** to the “alt news” and “sound money sources” I am about to mention---

“Much of the job of neutralizing dollars abroad to prevent a run on the U.S. gold stock was carried out by Mr. Roosa in cooperation with the Federal Reserve (note---chaired by Pilgrims Society member William M. Martin Jr.) HE NEGOTIATED FOR THE UNITED STATES IN SETTING UP THE LONDON GOLD POOL WHICH DAMPENED DOWN GOLD PRICE SPECULATION.”

The Pilgrims

Members of The Pilgrims Society London drove Chunilal Saraiya to suicide by bullet in November 1913 after they broke his Indian Specie Bank and plundered his 803 tons of silver. The Hunt brothers were not the first victim of this secret society which dragged the planet to fiat currencies. Two generations earlier, The Crime of 1873 transpired and it

remains the most severe blow ever inflicted on silver holders, even more so than what the British did to silver to cause the Great Depression. The ruination of the Hunt brothers was a squirt gun compared to those howitzer events.

In "The Fountainhead" (1943) Ayn Rand spoke of "the glaringly evident which everybody has decided not to see."

Bill Murphy, Chris Powell, Dave Janda, Greg Hunter, Bob Moriarty, Gary Christenson, Dave Hodges, Chris Martenson, Eric King, Mike Maloney, Stefan Gleason, Doug Casey, Ed Steer, Peter Spina, Sarah Westall, Zero Hedge---et al---"Pilgrims Society? ***"NOTHING TO SEE HERE! Let's discuss important things like soft drink taxes!"***

The Pilgrims of the United States

"THIS SINISTER ORGANIZATION, THE PILGRIMS OF THE UNITED STATES" ---page 96, "War Plotters of Wall Street" (1915) by Charles Collman.

The
Pilgrims of the United States
of America

"I have seen the wicked in great power"

Psalm 37:35

In a 1913 [book](#) titled "The New Freedom," Woodrow Wilson reflected with an ominous and foreboding note---

"Since I entered politics, I have chiefly had men's views confided to me privately. Some of the biggest men in the United States, in the field of commerce and manufacture, are afraid of somebody, are afraid of something. They know that there is a power somewhere so organized, so subtle, so watchful, so interlocked, so complete, so pervasive, that they had better not speak above their breath when they speak in condemnation of it."

There can be no other organization Wilson could possibly have been cryptically alluding to other than The Pilgrims Society in New York; and we will lay bare 100 plus of these Worthy Gentlemen from The Pilgrims 1969 leaked roster. I want the unbiased readers to evaluate the details in this MMMM series and then ask---why the stonewall refusal of people like Mike Maloney and Chris Powell to allow any mention of this organization? Silver Doctors and Greg Hunter?

The final installment in this series of four to six parts (number to be determined) contains a postscript. If you feel you don't have time for the series, take time for the postscript at the series conclusion; it's an attempt to rectify an injustice done to dozens of well-known names in the silver sphere. The introductory pages of each installment are

repeated each time for benefit of those who read only one presentation; so, immediately skip the intro on successive presentations if you read this opener. However! Skimming over the presentations will not allow justice to be done to this historical overview I am providing to metals longs---at no charge. Giving a good overview of the metals suppressing community can't be done with real brevity---I have no "Jesus wept" text which can enlighten in two words.

Some details are definitely more relevant than others; the other details are for objective of demonstrating the web of influence of these people; and these other details are therefore ramifications, not "tangents" as Chris Powell misstated <http://www.gata.org/node/7424> on May 16, 2009---

"Another longtime writer about the silver market, Charles Savoie, had sought some years earlier to call attention to Johnson's market-rigging pledge. Though it includes much more politics than GATA's charter allows and flies off on dozens of conspiratorial tangents unnecessary to GATA's objectives, Savoie's work deserves acknowledgement, for its own sake and for establishing two bigger points. The first is simply biblical: "The thing that hath been, it is that which shall be; and that which is done is that which shall be done; and there is nothing new under the sun." Or as Harry Truman said more plainly, "The only thing new is the history you don't know."

"That is, the proofs of the gold and silver price suppression scheme are so numerous and constitute such a vast public record that even some conscientious students of the scheme can be surprised now and then. GATA would speak for this class too, giving full credit to those who, like Savoie and Lips and so many others, helped to pass the secret knowledge along. But if this knowledge is to prevail and save the world from the ever-more outrageous depredations of the financial class, it can be secret no longer and no one can be allowed to get proprietary about it.

It simply has to be shared -- no, proclaimed -- with credit if possible, but without credit is fine too.”

Without credit is fine too? The community leaders won't even link this research. Let the rank and file decide if they want to read these presentations. Instead, the alt news and hard money leaders blacklist this research as relentlessly as regular media. Special thanks to Silver Market News Online which very exceptionally in a large field of websites, has allowed coverage.

The below book from 1937 on elite dynasties failed to mention The Pilgrims Society; though he could have discovered it by reading listings in “Who's Who” volumes of his time; The Pilgrims Society represents old wealth tracing back to colonial times; the “robber barons” of the 1800s and many others; interrelated genealogies are pervasively extensive---the organization has frightening sponsors---the English Royal family, who are intent on “retaking the colonies” and merging America into the British Commonwealth by non-military means of course---

Ridiculous terms such as "The Deep State" and "The Cabal" and "The Banking Cabal" are excuses for 1) being woefully uninformed; people

using these terms lack access to more specific, focused information; 2) they are too lazy to develop more explicit information; and 3) some do have better information, but refuse to mention it, due to being part of organized cover-up or being too timid to venture into deeper waters. Raving about “The Deep State” gives people an excuse to remain nonspecific though they also prattle away about “globalists” and “Zionists” and the kid’s fable that “the Rothschilds are the planet’s only money powers.” Deep State prattlers can’t even mention such basics as CFR, Trilaterals or Bilderberg. Clive Maund on January 5 stated Israel [controls](#) America. Actually England controls both America and Israel, having created both. Bob Moriarty sees lots of Israeli influence. There certainly is. From reading Bob, he sees little or no British influence. It is **not Israel but England** which has sent Rhodes Scholars back to America to be Presidents, Senators, Congressmen, Governors, university presidents, ambassadors and other posts, indoctrinated into the British Empire schemes stated by Cecil Rhodes, who also envisioned The Pilgrims Society---the Mysterious Metals Manipulators. Only a very few Rhodes Scholars ever rise up into Rhodes top organization, The Pilgrims, which was set up to be “a secret society gradually absorbing the wealth of the world” (Review of Reviews, May 1902, page 557). **England, not Israel**, has dragged America into two World Wars. **England, not Israel**, caused the Great Depression by dumping Indian silver onto world markets, collapsing the value of the Far East’s money, causing failure of American export industries and concomitant idling of millions of workers. **England, not Israel**, launched the League of Nations as an attempt at world government; and England, not Israel, used America to launch the United Nations as an attempt at world government---**ISRAEL WAS NOT INVOLVED**, period! **England, not Israel**, has a “Commonwealth,” land area which encompasses 11,566,870 square miles (not including sections of Antarctica claimed by Britain, Australia

and America) and not including the United States itself, which is still very much a British colony---covertly. Anglicans and Episcopalians are the dominant religious faction in world finance, to the contrary of “Rothschild only” cultists. The dumbed down “Rothschild only” faction has manufactured this as a lazy and lame excuse to be relieved from researching other power groups. A review of a leaked Pilgrims roster from a half century past gives a typical overview of metals management at the very topmost levels. We’ll take an overview of 100 of these members and a sampling of ten members from the London branch. These are the same people who were behind the Coinage Act of 1965 and the London Gold Pool which terminated in spring 1968; their ancestors were behind the first and second United States Banks---forerunners of the Federal Reserve, of which they were also creators. For this reason we’ll examine characters from The Pilgrims NYC 1969 roster, the closest to 1965 I have.

These men were primarily New Yorkers; or resided in Connecticut and New Jersey and had offices in Manhattan; the finance center controlled the Senators and Congressmen who all voted for the Coinage Act of 1965, as another blow against the use of silver as money! They were not at all Jewish, but rather, Episcopalian dominant!

We indeed will see a Rothschild here in part 2 but this idea that no one else is involved and no other families matter comes from low level cheap ignorant barnyard mentalities! One of The Pilgrims NYC 1969 events was listed on page 169 of the short run book, “The Pilgrims of the United States” (Profile Books, London, 2003) ---

PRINCE PHILIP, DUKE OF EDINBURGH

Philip is a world-famous eugenicist and population reduction advocate known for his he “wants to come back as a deadly virus” (to sharply reduce the number of commoners and serfs) makes you wonder about this Corona virus epidemic. Nearing age 100, Philip, descended from Danish, German and Greek nobility, still [controls](#) over 700 organizations by means of committees who manage them and report to him; though most of this may have fallen to Prince Charles by now, as Philip turns 99 in June 2020. As a top member of the Royals, he’s a sponsor of The Pilgrims Society London and New York. This is a ROYALIST not a ROTHSCHILD organization! Like so many others, I started out believing the Royals are mere figureheads. After all the things I’ve seen, I was forced to 100% reverse my notions. A recent photo of Prince Philip, looking very much the vampire---

"A Secret Society gradually absorbing the wealth of the world."---Last Will & Testament of Cecil Rhodes

A similar problem is people insisting that Goldman Sachs runs the world or nearly so <https://wallstreetonparade.com/2020/01/goldman-sachs-the-vampire-squids-alum-control-two-fed-banks-the-u-s-treasury-the-european-central-bank-and-the-bank-of-england/>

Such articles border on **worthless**. Goldman Sachs is an important Pilgrims Society instrumentality, and that is all. The Pilgrims Society stands at the top, not JP Morgan Chase, Federal Reserve, Bank of England, Barclays, Goldman Sachs or the CIA---all instrumentalities only, and not the SOURCE! The You Tube interview shows and most PM sites have completely ignored this research on The Pilgrims Society. There is no way in hell I could have fabricated what I've presented! Read carefully line by line including scans to the end and ask yourself could I have

fabricated this? How could I insinuate information into books with which I had nothing to do with the printing of and things that happened before I was even crawling?

**"Their works are in the dark, and they say who seeth us?
And who knoweth us?" --- Job 21:7**

Appearing at 321 Gold recently was this brief item which appeared to be a struggle to allow the lower level Council on Foreign Relations to even

be mentioned; it would break people's jaws, crush their fingers and freeze their feet to have The Pilgrims Society spotlighted!
<https://aheadoftheherd.com/Newsletter/2020/Paper-money-rejection-is-golds-Minsky-Moment.htm>

Who ordered the nationalization of gold in 1933? Who ordered the nationalization of silver in 1934? Why, the USA President did, and the fact that the President is in the vest pocket of these British Empire allied CONSPIRATORS means NOTHING to GATA, Dave Janda, "Watchdog" Greg Hunter, SGT Report, Silver Doctors, Silver Seek et al! Deep State? **HERE it is and nowhere else!** These site operators refuse to help shine the light of exposure onto this organization! They have large audiences

and could get the word out; I stand nothing to gain financially with coverage; and they all steadfastly refuse! ---

These site operators have much larger platforms than mine and could get this information, for which I never charge access, out to the public. Their refusal is textbook absolute.

Just one digression before focusing on the apex of power. Paul Craig Roberts had an opinion piece on Israeli influence in America linked at 321 Gold because **all Bob Moriarty can see is Israeli influence.** British influence going on anywhere? You have just got to be joking! <https://www.paulcraigroberts.org/2020/01/22/who-rules-america-2/> This shallow write up by Roberts focused on Israeli influence and again ignored the far transcending British influence. Israel is a creation of the Protestant Anglican British Empire! **PAUL CRAIG ROBERTS, distraction artist par excellence**, held the William E. Simon Chair at the Center for Strategic and International Studies in D.C. Simon was the Pilgrims Society member profiled in "Treasury Official Lies About Gold" released in July 2010 <http://nosilvernationalization.org/107.pdf> IMO Roberts is a Pilgrims Society "plant" flunky and certainly not a member. My intention was to list 100 members of The Pilgrims NYC for 1969 and a sampling of 10 members from the London branch for 1969. On rechecking the tally,

I had 104 from NYC and ten from London. It was necessary to divide this into four parts so as to not absorb too much of readers time per installment. The numerous corporate logos are to remind that advertising patronage controls editorial policy of media as much as direct ownership. Now to start the first profile of #2 MMMM---

This member started with the JP Morgan interests (Guaranty Trust), migrated to Chase interests, then to Paribas, a French megabank originally known as Banque de Paris et des Pays Bas, Bank of Paris and

the Low Countries (like the Netherlands). Now the world's 8th largest bank operating in 72 nations---

He had a special interest in railroads and natural gas. As a member of the anti-silver Economic Club and a governor of the Wall Street Club Craft certainly was "in" on silver suppression. Missouri Pacific is one of the world's giant railway systems---

NEXT MEMBER!

Crane, 3rd, Winthrop Murray

Winthrop Murray Crane 3rd was the product of the Winthrops and the lesser known Crane family. He ran Crane & Company which for decades was **sole currency paper supplier for Federal Reserve Notes** in America. He was described in "The Paper Hangers" released in July 2006 <http://nosilvernationalization.org/61.pdf> "Who's Who in America" 1966-1967 page 463 shows father and son in Crane & Co.---

CRANE, Winthrop Murray, Jr., paper mfr.; b. Dalton, Mass., Sept. 12, 1881; s. W. Murray and Mary (Benner) C.; student Hill Sch., Pottstown, Pa.; A.B., Yale, 1904; m. Ethel G. Eaton, Feb. 9, 1905; children—Barbara (Mrs. George Monaghan), Winthrop Murray, III, Arthur Eaton. Entered family paper mills, 1904; pres. and gen. mgr., Crane & Co., 1923-52, now chmn. board. Served as lt. colonel, U.S. Army, World War I. Trustee Mem. Skull and Bones (Yale) Republican. Conglist. Clubs: Yale (New York); Yale (Boston). Home: 95 Main St., Dalton, Mass. ☆₂₇

CRANE, Winthrop Murray 3d, paper mfg. co. exec.; b. Dalton, Mass., July 14, 1910; s. Winthrop Murray, Jr. and Ethel (Eaton) C.; grad. Hotchkiss Sch., 1929; m. Katharine L. W. Pell, Jan. 29, 1946, 1 son, Brenton Pell. With Crane & Co., Dalton, 1931-39, 45—, sec., 1951—, v.p., 1960—, also dir.; dir. Byron Weston Co., Dalton, Otis Elevator Co., N.Y.C. Exec. asst. to asst. sec. state Dept. State, 1940-42; del. Am. Assembly, Arden House, 1958. Bd. dirs. Free Europe Com.; trustee Berkshire Mus., Pittsfield, Mass., Dalton Library, Lenox (Mass.) Home: Chilton House, Dalton. Office: Crane & Co., Inc., Dalton, Mass.

I find no mention of the elder Crane in any Pilgrims list; he wore his Skull & Bones Society membership on his sleeve; the son however made it higher up into The Pilgrims Society. Whereas Skull & Bones is only for certain Yale graduates, The Pilgrims Society encompasses the entire United States, making it very decisively superior to Bones---by every measure.

“Crane paper products have been closely woven into the fabric of American history, from 19th century stock certificates to correspondence between Franklin and Eleanor Roosevelt. The company is perhaps best known for **its role as the exclusive supplier of US currency paper since 1879.**”

They also supply currency paper to 27 foreign countries!

Notice the marriage link to the Pell family, another important dynasty from colonial era. Senator Claiborne Pell (Pilgrims 1969, representing Rhode Island silversmiths and bankers) voted for the 1965 Coinage Act, removing most silver from our money system!

Dillon, Clarence

Dillon, The Hon. C. Douglas

For purposes of this research we aren't counting the elder Dillon; only members in the 1969 roster. We'll see some info on both as ancestry background on the former Treasury Secretary is significant. 1991 book has no mention of The Pilgrims Society---

Book below (1995) devoid of mention of The Pilgrims---

Clarence
Dillon

WALL STREET ENIGMA

ROBERT C. PEREZ EDWARD F. WILLETT

Dillon, Read & Co. Inc.

Dillon Read later merged with S.G. Warburg & Company (led by Pilgrims Society member Sir Siegmund Warburg who counted among his friends “some of the most powerful men in the world”

This Dillon (formerly Lapowski; long story) father and son duo is more interesting than most. Clarence was dubbed “the brilliant financier of the 1920s” by Business Week Magazine of July 12, 1976 and his son became United States Treasury Secretary (1961-1965) who presided over the withdrawal of silver coinage from our monetary system. Douglas was Ambassador to France (1953-1957) and after leaving Treasury was a director of A.T. & T. and the silver antagonistic Chase Manhattan Bank. His daughter became Princess Joan of Luxembourg. United Press release, March 2, 1967---

Clarence was with the War Industries Board in WW One and Fortune Magazine as of [1957](#) claimed he was among the wealthiest Americans. Wiki states of Clarence Dillon---

“In 1921, Dillon focused on the beleaguered [Goodyear Tire and Rubber Company](#) which was in receivership. He succeeded in crafting a settlement with Goodyear's bankers, creditors, and stockholders as was raising more than \$100 million in funding in an extremely difficult credit market. In 1925, only four years later, Dillon bought the [Dodge Brothers Company](#) for \$146 million in cash which was the largest such transaction in industrial history at the time. After the acquisition of Dodge, Dillon merged the company with the [Chrysler Corporation](#) in 1927 resulting in Chrysler's becoming one of the [Big three](#) in the [automobile industry](#).”

Clarence Dillon [sold out](#) all the firm's holdings before the Crash of October 1929. As a Federal Reserve beneficiary, he knew early on.

Clarence Dillon's wife's [ancestors](#) were “members of the early colonial aristocracy” in Virginia as of 1662. He held decorations from Belgium, Poland, Italy and France. “Who's Who in America” 1940, page 775---

Associated with Newport Mining Co. and Milwaukee Coke and Gas Co., 1905-08; abroad, 1908-10; pres. Milwaukee Machine Tool Co., 1910-12; mem. firm Wm. A. Awarded Order of the Crown (Belgium), 1921; grand officer Polonia Restituta with Star (Poland), 1925; Commander Order of Crown (Italy), 1927; Officer, 1935, Comdr., 1938, Legion of Honor (France). Office: 28 Nassau St., New York, N.Y.

“The Rich and the Super Rich” (1968) by Ferdinand Lundberg, page 36, listed Clarence Dillon as number twelve in his list of big new rich wealth. It’s true as Jew-baiters holler that Dillon’s original name was Lapowski of Polish Jewish ancestry. So what? This Pilgrims fraternity is still Episcopalian-Anglican dominated, and the act of adopting a maternal name helped make these renamed Dillons more acceptable to the dominant group. There was also Catholic ancestry here. The Pilgrims 1948 roster shows---

Dillon, Clarence Douglas
Dodge, Marcellus Hartley

Dodge (1881-1963) inherited \$60 [million](#) in 1902 from his maternal grandfather who was a leading founder in 1870 of Continental Bank of New York. On his Dodge side he was a huge holder in major copper miner Phelps-Dodge Corporation. He took over Remington Arms Company from his grandfather. Remington imported rifles and pistols from Europe for the Union Army during the Civil War and later owned a big piece of

United States Electrical Lighting Company. Marcellus Hartley Dodge was a director of Equitable Trust New York and International Banking Corporation. In 1907 Dodge married into the Rockefeller family.

From The [Guardian](#), London, January 11, 2003 about the younger Dillon--

America's notorious system of political spoils had first moved Dillon from his family's investment corporation into public life. As a major contributor to President Eisenhower's 1952 campaign (and seemingly because his family owned the Haut-Brion vineyards in Bordeaux), he was made ambassador to France. Since he had no diplomatic experience and spoke execrable French, there was a predictable row about his appointment. By the time his stint ended in 1957, however, it was acknowledged that he had been adept at managing the delicate relationship between Paris and Washington.

Though he was the grandson of a poor Polish immigrant, Dillon was born with a silver spoon in his mouth. His father, who changed the family name from Lapowski, was head of a leading Wall Street investment firm. The family was visiting Geneva when their son was born, and they named him Clarence, though he soon dropped it in favour of his middle name.

A precocious child, who could read fluently at the age of four, Dillon had a first-class education at Groton and Harvard. On graduation in 1931, and with the depression hitting its stride, his father gave him the then colossal sum of \$185,000 to buy a seat on the New York stock exchange. Within a few years, he had joined the board of the main family business, Dillon Read, which had made its fortune underwriting European government bonds after the first world war.

Douglas Dillon was on The Pilgrims executive committee, continuing the validated pattern of ultra-apex silver suppressors leading the organization (approx. 1979-2003)! He also chaired the Rockefeller Foundation, 1972-1975.

Nevada Senator Alan Bible wrote a letter of protest to Douglas Dillon complaining that "the Treasury's silver sales were controlling the market with an unrealistic ceiling" (New York Times, March 19, 1961, page 78). Dillon's view was implacably against allowing silver prices to rise in response to free market forces and he wanted to---

"ASSURE THE SILVER USERS THAT THE PRICE WILL NOT RISE BEYOND ITS PRESENT MARKET FOR A LONG TIME TO COME." (Wall Street Journal, March 12, 1963, page 4).

Dillon's intent against silver prices was also reported overseas. The Economist, July 13, 1963, page 166 reported the Treasury Department helping the Silver Users Association (and the Federal Reserve System):

"DILLON, THE SECRETARY OF THE U.S. TREASURY, HAS SAID THAT SILVER BULLION WOULD BE RELEASED ON DEMAND TO PREVENT SILVER RISING."

That was exactly parallel to Greenspan's famous statement about central banks leasing gold to prevent prices rising! The difference is, Dillon's remarks preceded Greenspan's by almost exactly 35 years! Yes, their first concern is to suppress silver! So many apex pinnacle silver and gold suppressors being members of this THING calling itself The Pilgrims

Society, and sponsored by the Royal family of England for “recovering the American colonies” is not deserving of any coverage according to GATA, Silver Doctors, Gold Seek, Silver Seek, KITCO, Mike Maloney. Greg Hunter, X-22 Report, Dave Janda, SGT Report, Money Metals Exchange, JM Bullion and all the You Tube interview circuit. Not selling anything? Free information only? **NO INTERVIEWS THEN.**

Paul Volcker of Chase Manhattan Bank, who was picked by Pilgrims Society member David Rockefeller to chair the Federal Reserve System as of 1978, succeeding Pilgrims Society member Arthur F. Burns at the FED helm? Paul Volcker was [assistant](#) to Treasury Secretary Dillon during the Pilgrims Society’s campaign to terminate silver coinage!

August 18, 1961---second generation Pilgrims Society member Douglas Dillon had so much gold and silver to keep prices to protect the Federal Reserve Note---

A handwritten signature in black ink, which appears to read 'C. Douglas Dillon'. The signature is written in a cursive style with a long horizontal flourish at the end.

Dillon also ran U.S. & Foreign Securities Corporation and U.S. & International Securities Corporation (he forgot to create U.S. & Global Securities Corporation and U.S. & Planetary Securities Corporation).

<https://peoplepill.com/people/c-douglas-dillon/> ---"He was also a member of the Executive Committee of the National Security Council during the Cuban Missile Crisis."

"After leaving Poland, his grandfather settled in Texas after the American Civil War and married Dillon's Swedish-American grandmother. Dillon's father later changed his family name to Dillon, his grandmother's maiden name. Dillon's mother was descended from Grahams Lairds of Tamrawer Castle at Kilsyth, Stirling, Scotland."

"Dillon began his education at Pine Lodge School in Lakehurst, Ocean County, New Jersey which **he attended at the same time as the three Rockefeller brothers Nelson, Laurence, and John.** He continued at Groton School in Massachusetts, then at Harvard University, A.B. magna cum laude 1931 in American history."

Groton School is another Episcopal dominated elitist academy for the ruling class. Current endowment \$380 million.

“Dillon had been active in Republican politics since 1934. He worked for John Foster Dulles in Thomas E. Dewey's 1948 presidential campaign. In 1951 he organized the New Jersey effort to secure the 1952 Republican nomination for Dwight D. Eisenhower. He was also a major “contributor to Eisenhower's general election campaign in 1952.”

The Dulles brothers, of the Central Intelligence Agency and Office of Secretary of State, were members of The Pilgrims; Dewey was a 33rd degree Mason and an Episcopalian (“Who’s Who in the East” 1957 page 218).

“President Eisenhower appointed him United States Ambassador to France in 1953. Following that appointment, he became Under Secretary of State for Economic Affairs in 1958 before becoming Under Secretary of State the following year. In 1961, John F. Kennedy, appointed Republican, Dillon Treasury Secretary. Dillon remained Treasury Secretary under President Lyndon B. Johnson until 1965.”

“Dillon proposed the fifth round of tariff negotiations under the General Agreement on Tariffs and Trade (GATT), conducted in Geneva 1960–1962; it came to be called the "Dillon Round" and led to substantial tariff

reduction. Dillon was important in securing presidential power for reciprocal tariff reductions under the Trade Expansion Act of 1962.”

GATT was in effect 1948-1995 when it was followed by the WTO, World Trade Organization---

“He also played a role in crafting the Revenue Act of 1962, which established a 7 percent investment credit to spur industrial growth. He supervised revision of depreciation rules to benefit corporate investment. A close friend of John D. Rockefeller III, he was chairman of the Rockefeller Foundation from 1972 to 1975. He also served alongside John Rockefeller on the 1973 Commission on Private Philanthropy and Public Needs, and under Nelson Rockefeller in the Rockefeller Commission to investigate CIA activities (along with Ronald Reagan). He had been president of Harvard Board of Overseers, chairman of the Brookings Institution, and vice chairman of the Council on Foreign Relations.”

Warmongering think tank---opposed to precious metals as money---

The CFR is vastly more important as a control mechanism over these United States than Skull & Bones, Bilderberg and Trilateral Commission combined; and the CFR, like those other entities, at all times has been under 100% Pilgrims Society control (Bones since 1903!)

The Rockefeller Commission to Investigate the CIA was a whitewash, led by a notorious Pilgrims Society member---

Rockefeller and his boy Gerald Ford of the CIA “investigative” commission---only a Pilgrims Society member can “investigate” any Pilgrims Society satellite organization like the Central Intelligence Agency---

Besides Pilgrims Society members Rockefeller and Douglas Dillon, another member, John T. Connor of Chase Manhattan Bank and silver user Allied Chemical was there; Erwin Griswold, an attorney who apparently had two relatives in The Pilgrims 1969; David Belin, a nonmember who was counsel to the [infamous](#) Warren Commission on the Kennedy assassination; General Lyman Lemnitzer ex of the Joint Chiefs of Staff and a CFR member; and an English professor from the University of Virginia who was strictly flunky window dressing.

Regarding Dillon's second daughter---(continuing from People Pill Dot Com) ---

“Joan Douglas Dillon (born New York City, New York, January 31, 1935). She first married in Paris on August 1, 1953, divorced in Washoe County, Nevada, on December 12, 1955, James Brady Moseley (born in New York City, New York, May 22, 1931 – died in Boston, Suffolk County,

Massachusetts, April 9, 1998), son of Frederick S. Moseley, Jr. and his wife Jane H. Brady, they had one daughter: Joan Dillon Moseley (born February 6, 1954). She then married for the second time, at St. Edward's in Sutton Park, Guildford, Surrey, on March 1, 1967, Prince Charles of Luxembourg (1927–1977), and had one daughter and one son: Princess Charlotte (born September 15, 1967) and Prince Robert (born August 14, 1968). Widowed, she married for the third time, in Islesboro, Maine, on August 3, 1978, Philippe-François-Armand-Marie, 8th Duc de Mouchy.”

Dillon was on The Pilgrims NYC executive committee 1979-2002. The following shows the 1995 executive committee---lots of monetary metals suppression represented in The Pilgrims management---Dillon played a lead role in killing silver coinage; the name Biddle traces to the second United States Bank, run by a gold and silver suppressor; Mosbacher was a Chemical Bank director; Pyne was associated with Citibank; and as Defense Secretary, Weinberger deleted around 24MOZ silver from the strategic military silver reserve for price management. Weinberger converted to Episcopal Church and became treasurer of the Episcopal Diocese of California---Robert V. Lindsay was an official of J.P. Beginning in 1956, he headed the family office and was the senior financial adviser to the family and its investments and philanthropic institutions for 23 years, retiring in 1981. During this time he also sat on the board of directors of the family-associated Chase Manhattan Bank and was a personal friend of its chairman, David Rockefeller.”

“In 1974 he came into public prominence when he appeared before the United States Congress during the confirmation hearings for Nelson Rockefeller’s nomination by Gerald Ford for the vice-presidency; during his presentation to Congressmen he outlined the overall wealth **(extreme lowball)** of Nelson's family. Douglas, The Hon. Lewis W.,
G.B.E.

Pilgrims Society member Lewis W. Douglas, for many years (circa late 1940's to at least mid-1970's) a vice president of the Society, presented an article sarcastically called "The Case for Monetary Reform" in the Mining Congress Journal, December 1965. On pages 52 and 54 we note Douglas crowing---

"There seems to be and probably ought to be, resistance on well-taken grounds to a sufficiently substantial increase in the price of gold. No one, certainly not I, would denigrate the role which the IMF has played."

Douglas (below) at the time he made his gold suppressive statement was a director of Newmont Mining Corporation! He was the son of an Arizona copper mining magnate with holdings in Phelps Dodge Corporation. He was Ambassador to England, 1947-1950 and chairman of Mutual Life Insurance of New York, 1947-1959. He was a director of International Nickel of Canada (INCO); Union Corporation of South Africa (gold); Western Bancorporation; Continental Oil; General Motors and others; director, Council on Foreign Relations, 1940-1964. He was a member of the Order of the British Empire and chaired the English Speaking Union, a Pilgrims Society subsidiary seeking to make English the world language. His daughter Sharman married Andrew M. Hay, Order of the British Empire, Churchill Foundation trustee, liquor magnate, president British American Chamber of Commerce, Pilgrims Society of Great Britain; the February 8, 1996 New York Times death notice on Sharman said she was a lifelong friend of British Royals. Andrew Hay is now a director of LCF Edmond De Rothschild Securities <http://www.esu.org/page.asp?p=7328>

The leading figure in Union Corporation of South Africa was Pilgrims Society member Sir Henry Strakosch, who as a member of the Royal Commission on Indian Currency and Finance in 1925-1926, vomited out the recommendation that India's silver rupees be demonetized. Hundreds of millions of ounces of silver rupees were melted and dumped onto world markets, destroying the value of silver due to sudden enormous oversupply, and this was the causation of 95% of the Great Depression---**NOT THE STOCK MARKET CRASH OF OCTOBER 1929!** This is very extensively documented in The Silver Stealers <http://silverstealers.net/tss.html>

The Fort Worth, Texas, Star Telegram, September 28, 1986, page 6-D featured these remarks about Lewis W. Douglas, and of course kept in the dark the fact of his membership in The Pilgrims Society---

"He helped launch the Marshall Plan, NATO and the creation of Israel. **OVERRULING THE JUDGMENTS OF CONGRESS, LEGISLATORS AND EVEN PRESIDENTS ON THE MOST CONTROVERSIAL OF NATIONAL POLICY---** **FROM THE ROOSEVELT SUPREME COURT TO WATERGATE,** he understood the internal dynamics of complex things like the New Deal and NATO better than any other American. Sharman Douglas became a friend of Princess Margaret and was photographed with members of the Royal Family and the diplomatic corps more often than was her father, **WHO RECEIVED ORDERS AND HONORS FROM ALL THE COURTS OF EUROPE FOR HIS WORK WITH NATO. HE ACHIEVED AWESOME POWER IN WASHINGTON AND IN THE COURTS OF THE WORLD."**

Image following shows at left second generation member Hugh Bullock, president of The Pilgrims USA; center, Crown Prince Philip and Queen Elizabeth II at a secret meeting in 1957 with several hundred Pilgrims Society members in New York. At right, Lewis W. Douglas with his pirate patch, his left eye lost to a fishhook injury---

Bullock at left above was early on with [Dillon](#), Read & Company, previously reviewed. His ancestor owned much land in 1600s Virginia Colony and he probably felt grateful to the Royals because of it!

In 1939 Douglas helped drag us into a second British Empire planned and caused World War by boosting the [Committee](#) to Defend America by Aiding the Allies. No wonder the Royal family was happy with him and allowed him to later serve as a vice president of The Pilgrims USA. His wife raised "[hundreds](#) of millions of dollars" for (globalist) causes.

The American Assembly - Wikipedia

The **American Assembly** is a think tank at Columbia University, founded in 1950 by General Dwight Eisenhower. It has become his most enduring achievement ...

Eisenhower was referenced in The Pilgrims NYC 1957 roster as their “honorary” president---tightly kept in their vest pockets at all times---

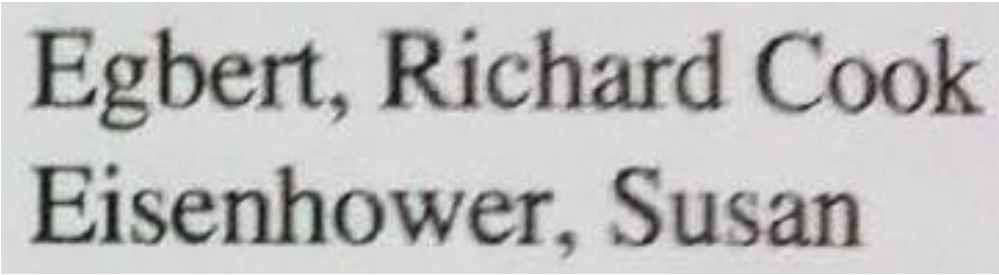

The Pilgrims of the United States

HON. PRESIDENT DWIGHT D. EISENHOWER

Much hoopla has been made of Eisenhower's ending remarks as President; yet, where in those remarks did he name The Pilgrims Society? He did NOT! Listen to the [brief](#) discourse on You Tube.

“We have been compelled to create a permanent armaments industry of vast proportions. In the councils of government we must guard against unwarranted influence by the military-industrial complex. The potential for the disastrous rise of misplaced power exists and will persist. We must never let the weight of this combination endanger our liberties or democratic processes. Only an alert and knowledgeable citizenry can compel the proper meshing of the huge industrial and military machinery of defense with our peaceful goals so that security and liberty may prosper together.”

Yeah! So in The Pilgrims NYC 2001 roster we find Eisenhower's granddaughter Susan (the other member was a very top echelon elite Wall Street investment banker who started in 1950 at the silver suppressing Chase National Bank) ---

National Geographic Magazine (Pilgrims Society members on board of trustees) stated in its September 1981 issue, page 301, that Kodak was consuming around 50 million ounces of silver per annum and showed 10,000-ounce ingots---

Business with a silver heart, the Eastman Kodak Company of Rochester, New York, consumes some 50 million ounces of the metal a year in producing much of the nation's film. Cast from Kodak's giant smelter, 10,000-ounce bars (above) each contain enough silver for a million rolls of high-speed black-and-white film. A full 40 percent of the silver used is recovered from scrap film and developing solution, some of which is bought from thousands of film processors around the country.

The American Economic Association has since its inception been quite viciously opposed to monetary silver. The National Bureau of Economic Research has had many Federal Reserve officials in its ranks. Frank M., possibly a cousin, was also in the 1969 roster. He was a top RCA exec and on other boards and was with the Office of Production Management in World War Two. Dozens of Pilgrims members were with USA war agencies in both World Wars!

At [Find A Grave](#) we read---

“He resigned from Kodak in 1953 to become Under Secretary of the Treasury” yeah sure so he could help the top silver user cart off more silver bullion! The University of Rochester New York was long connected to Kodak influence so you can imagine the views on monetary silver of its economics department faculty. Brookings Institution is a top, top elitist think tank once chaired by anti-silver campaigner Douglas Dillon (reviewed previously). [Paul](#) Warburg (Pilgrims Society) of Jekyll Island Georgia and Federal Reserve System infamy, was a Brookings trustee.

FEDERAL HOSPITAL COUNCIL ASSURES PRACTICAL PROGRAM

The need for a practical approach to the problem of expanding and integrating the hospital services of the Nation appears to have been met in the provision of a Federal hospital council which will advise and consult with the Surgeon General and participate in the formulation of over-all standards. At the Federal level, the policy decisions will be of such nature as to affect the whole Nation-wide program and the responsibilities are therefore so great that the nature and functions of this Federal hospital council should be carefully examined.

Funston was New York Stock Exchange president for sixteen years and notice, still another Episcopalian---by far THE dominant religious faction in finance, though another faction is erroneously ascribed that designation. The September 13, 1966 New York [Times](#) said Funston was a “demanding boss” with a “fantastic memory” and had “the ability to keep many balls in the air at the same time.” After leaving NYSE another Pilgrims member, William M. Martin, who did a 19-year stint as Federal Reserve System chairman, headed the committee to reorganize the NYSE! Funston chaired a large chemical concern (silver user in catalysts) and got onto numerous high-profile boards. In addition to those shown above, he later was catapulted onto others including Paul Revere

Investors and Winn Dixie Stores. Chemical Bank as noted was a large part of what became JP Morgan Chase Bank of today, renown silver price managers. Funston was an overseer of public information as a board member of the company owning the Los Angeles Times (and dozens of other newspapers). Olin Mathieson Chemical---John M. Olin was also in The Pilgrims 1969 roster. Olin was Episcopalian and after his death, Pilgrims Society member William Simon of Citigroup chaired the John M. Olin Foundation. Funston was on The Pilgrims executive committee 1980s.

Founded in 1823, tuition as of 2018 is \$71,000/year.
Endowment is \$623 million; Episcopalian dominant---

The American Cancer Society has no goal of curing cancer; instead, they buck-rake coast to coast and are in bed with Big Pharma, Big Hospitals and Big Medical Associations to loot the American public 100% ---

Members of The Pilgrims have been all over the medical industry almost as much as they were all over the railroad industry in earlier times before so many consolidations---

Logistics Management Institute was founded in 1961---

Finally as of the 1974-1975 "Who's Who in America" page 1083 Funston added "Pilgrims of U.S." to his listing, realizing how few readers would be aware of its significance---

Notice how many of these Pilgrims members reside in Connecticut. Chris Powell? Are you acquainted with any of these Crown loyalists? Why won't you allow mention of this organization so strongly connected to megabanks/bullion banks?

NEXT MEMBER!

Gilpatric, The Hon. Roswell L.

The 1980 "Who's Who in America" page 1225 shows the posts this member went on to hold after his appearance in The Pilgrims 1969---
note especially chairman Federal Reserve Bank of New York 1973-1975,
his board membership at media giant CBS and his Rockefeller family connection---all these apex precious metals suppressors being members of a group few have even heard of? This has ZERO significance to GATA, Silver Doctors, Greg Hunter, 24 Hour Gold, Silver Seek and all the rest, and I do submit to the reader that Eric Sprott is afraid to allow mention of this secret society---(Ted Butler can't grab hold of this either)---Ed Steer told me years ago my work is "too long to link," that was a disclaimer for "it would offend Bill and Chris and Doug Casey if I linked it"---

BILDERBERG

Note another non-Jew prominent in the USA central bank! He was a wild rascal having married four times! Note the media control as in CBS. Typical of most members, he felt his Pilgrims activities should remain hidden and mentioned only the CFR (outer ring).
