Peter Hug spewed out misdirection in a Kitco [interview](#) on March 17, 2020. Hug worked for Nick Deak who had shady [connections](#). A far better view is at <https://www.sprottmoney.com/Blog/bullion-bank-and-central-bank-collusion.html> On March 19, 2020, Bob Moriarty of 321 Gold posted a brief, and childishy simplistic laughingstock [denial](#) that manipulation has just occurred to crash silver. It would win over anyone in special education class. This inadequately brief and intellectually incapacitated "golly gee whiz" article failed to address SHORT CONCENTRATION and POSITION LIMITS which Butler has long

been champion of complaining about. Why address any point that shoots your la-la land idea down, Bob? **Powerful foreigners who were torched by concentrated COMEX silver shorts and complicit regulators were painfully aware of the illegal short corner in silver OVER FORTY (40) YEARS AGO BOB!** Nor did Bob address the obvious “rat’s rump on a banana split” interest conflicts of the scandalous staffing shuttle between the CFTC and the bullion banks! But! Bob now confirms himself as eminently acceptable in a “mental health” sense---“mentally healthy” people do not believe that big bankers are out to screw anyone! Even Treasury Secretary Douglas Dillon admitted plans to hold silver low “for many years to come” in *The Economist*, London, July 13, 1963, page 166. Silver (and gold) **MUST** be suppressed to prevent undue embarrassment to Federal Reserve “money” lest too many start thinking metals should be remonetized as currency! Also the COMEX unstated rule is that big banks can sell short what can’t be delivered, and they **NEVER** have to cover on an upswing! “Allocations” (rationing) of silver eagles has taken place for years, and would not have if a free market price for mined silver had prevailed! **Has Bob Moriarty been paid off, or is he just genetically missing the specific brain cells to grasp these matters? Does Mister “BM” know anything about the “Crime of 73?” Was it caused by a conspiracy, in the opinion of the millions of people whose wealth was destroyed by a tiny handful of gold magnates and their monometallic “gold only” subordinates in the United States Congress?**

Who is a bigger wheel, Eric Sprott or Bob Moriarty? Eric Sprott, very likely. Whose views does Eric Sprott routinely headline? Craig Hemke. Does Hemke conclude precious metals are manipulated? Yes he **DOES!**

Charles Savoie asserts that all PM is controlled by "The Pilgrim Society" Its certainly an interesting read! - Quote:

"The Pilgrim Society founded on July 24, 1902, with thousands of interlocking connections, is closer to the inner circle of the New World Order conspiracy than the CFR. The Pilgrim Society, initially funded by the Rhodes Foundation, is the most secretive and certainly the most dangerous such organization, and is in control of the world's money supply. The Pilgrim Society has controlled every president since Theodore Roosevelt."

On Friday the 13<sup>th</sup>, March 2020, and extending into March 16 Monday, we witnessed the Money Power lashing out against the monetary metals with a monstrous berserk ferocity that would make bloodthirsty pillaging Mongol horsemen seem like meek "castrati" choirboys.

**“The most powerful international society on earth, the “Pilgrims,” is so wrapped in silence that few Americans know even of its existence since 1903.”** ---E.C. Knuth, “The Empire of The City: World Superstate” (Milwaukee, 1946), page 9.

**“This is the most powerful and secretive group in the world bar none”**  
---my great European colleague Joel Van Der Reijden

The following is from the Christian Science Monitor, December 2, 1964, reprinted in the House version of the Congressional Record on January 5, 1965, page 110--- Robert V. Roosa was a very key player with his boss at Treasury, Douglas Dillon, in eliminating silver coinage as of 1965--- both members of The Pilgrims Society---this information has **NO VALUE WHATSOEVER** to the “alt news” and “sound money sources” I am about to mention---

**“Much of the job of neutralizing dollars abroad to prevent a run on the U.S. gold stock was carried out by Mr. Roosa in cooperation with the Federal Reserve (note---chaired by Pilgrims Society member William M. Martin Jr.) HE NEGOTIATED FOR THE UNITED STATES IN SETTING UP THE LONDON GOLD POOL WHICH DAMPENED DOWN GOLD PRICE SPECULATION.”**

## The Pilgrims

Members of The Pilgrims Society London drove Chunilal Saraiya to suicide by bullet in November 1913 after they broke his Indian Specie Bank and plundered his 803 tons of silver. The Hunt brothers were not the first victim of this secret society which dragged the planet to fiat

currencies. Two generations earlier, The Crime of 1873 transpired and it remains the most severe blow ever inflicted on silver holders, even more so than what the British did to silver to cause the Great Depression. The ruination of the Hunt brothers was a squirt gun compared to those howitzer events.

**In "The Fountainhead" (1943) Ayn Rand spoke of "the glaringly evident which everybody has decided not to see."**

**"I have seen the wicked in great power"**

**Psalm 37:35**

In a 1913 [book](#) titled "The New Freedom," Woodrow Wilson reflected with an ominous and foreboding note---

**"Since I entered politics, I have chiefly had men's views confided to me privately. Some of the biggest men in the United States, in the field of commerce and manufacture, are afraid of somebody, are afraid of something. They know that there is a power somewhere so organized, so subtle, so watchful, so interlocked, so complete, so pervasive, that they had better not speak above their breath when they speak in condemnation of it."**

There can be no other organization Wilson could possibly have been cryptically alluding to other than The Pilgrims Society in New York; and we will lay bare 100 plus of these Worthy Gentlemen from The Pilgrims 1969 leaked roster. I want the unbiased readers to evaluate the details in this MMMM series and then ask---why the stonewall refusal of people like Mike Maloney and Chris Powell to allow any mention of this organization? Silver Doctors and Greg Hunter?

The final installment in this series of four to six parts (number to be determined) contains a postscript. If you feel you don't have time for the series, take time for the postscript at the series conclusion; it's an attempt to rectify an injustice done to dozens of well-known names in the silver sphere. The introductory pages of each installment are

repeated each time for benefit of those who read only one presentation; so, immediately skip the intro on successive presentations if you read this opener. However! Skimming over the presentations will not allow justice to be done to this historical overview I am providing to metals longs---at no charge. Giving a good overview of the metals suppressing community can't be done with real brevity---I have no "Jesus wept" text which can enlighten in two words.

Some details are definitely more relevant than others; the other details are for objective of demonstrating the web of influence of these people; and these other details are therefore ramifications, not "tangents" as Chris Powell misstated <http://www.gata.org/node/7424> on May 16, 2009---

"Another longtime writer about the silver market, Charles Savoie, had sought some years earlier to call attention to Johnson's market-rigging pledge. Though it includes much more politics than GATA's charter allows and flies off on dozens of conspiratorial tangents unnecessary to GATA's objectives, Savoie's work deserves acknowledgement, for its own sake and for establishing two bigger points. The first is simply biblical: "The thing that hath been, it is that which shall be; and that which is done is that which shall be done; and there is nothing new under the sun." Or as Harry Truman said more plainly, "The only thing new is the history you don't know."

"That is, the proofs of the gold and silver price suppression scheme are so numerous and constitute such a vast public record that even some conscientious students of the scheme can be surprised now and then. GATA would speak for this class too, giving full credit to those who, like Savoie and Lips and so many others, helped to pass the secret knowledge along. But if this knowledge is to prevail and save the world from the ever-more outrageous depredations of the financial class, it can be secret no longer and no one can be allowed to get proprietary about it.

It simply has to be shared -- no, proclaimed -- with credit if possible, but without credit is fine too.”

Without credit is fine too? The community leaders won't even link this research. Let the rank and file decide if they want to read these presentations. Instead, the alt news and hard money leaders blacklist this research as relentlessly as regular media. Special thanks to Silver Market News Online which very exceptionally in a large field of websites, has allowed coverage.

The below book from 1937 on elite dynasties failed to mention The Pilgrims Society; though he could have discovered it by reading listings in “Who's Who” volumes of his time; The Pilgrims Society represents old wealth tracing back to colonial times; the “robber barons” of the 1800s and many others; interrelated genealogies are pervasively extensive---the organization has frightening sponsors---the English Royal family, who are intent on “retaking the colonies” and merging America into the British Commonwealth by non-military means of course---

Ridiculous terms such as "The Deep State" and "The Cabal" and "The Banking Cabal" are excuses for 1) being woefully uninformed; people using these terms lack access to more specific, focused information; 2)

they are too lazy to develop more explicit information; and 3) some do have better information, but refuse to mention it, due to being part of organized cover-up or being too timid to venture into deeper waters. Raving about “The Deep State” gives people an excuse to remain nonspecific though they also prattle away about “globalists” and “Zionists” and the kid’s fable that “the Rothschilds are the planet’s only money powers.” Deep State prattlers can’t even mention such basics as CFR, Trilaterals or Bilderberg. Clive Maund on January 5 stated Israel [controls](#) America. Actually England controls both America and Israel, having created both. Bob Moriarty sees lots of Israeli influence. There certainly is. From reading Bob, he sees little or no British influence. It is **not Israel but England** which has sent Rhodes Scholars back to America to be Presidents, Senators, Congressmen, Governors, university presidents, ambassadors and other posts, indoctrinated into the British Empire schemes stated by Cecil Rhodes, who also envisioned The Pilgrims Society---the Mysterious Metals Manipulators. Only a very few Rhodes Scholars ever rise up into Rhodes top organization, The Pilgrims, which was set up to be “a secret society gradually absorbing the wealth of the world” (Review of Reviews, May 1902, page 557). **England, not Israel,** has dragged America into two World Wars. **England, not Israel,** caused the Great Depression by dumping Indian silver onto world markets, collapsing the value of the Far East’s money, causing failure of American export industries and concomitant idling of millions of workers. **England, not Israel,** launched the League of Nations as an attempt at world government; and England, not Israel, used America to launch the United Nations as an attempt at world government---**ISRAEL WAS NOT INVOLVED,** period! **England, not Israel,** has a “Commonwealth,” land area which encompasses 11,566,870 square miles (not including sections of Antarctica claimed by Britain, Australia and America) and not including the United States itself, which is still very

much a British colony---covertly. Anglicans and Episcopalians are the dominant religious faction in world finance, to the contrary of “Rothschild only” cultists. The dumbed down “Rothschild only” faction has manufactured this as a lazy and lame excuse to be relieved from researching other power groups. A review of a leaked Pilgrims roster from a half century past gives a typical overview of metals management at the very topmost levels. We’ll take an overview of 100 of these members and a sampling of ten members from the London branch. These are the same people who were behind the Coinage Act of 1965 and the London Gold Pool which terminated in spring 1968; their ancestors were behind the first and second United States Banks---forerunners of the Federal Reserve, of which they were also creators. For this reason we’ll examine characters from The Pilgrims NYC 1969 roster, the closest to 1965 I have.

These men were primarily New Yorkers; or resided in Connecticut and New Jersey and had offices in Manhattan; the finance center controlled the Senators and Congressmen who all voted for the Coinage Act of 1965, as another blow against the use of silver as money! They were not at all Jewish, but rather, Episcopalian dominant!

We indeed will see a Rothschild here in part 2 but this idea that no one else is involved and no other families matter comes from low level cheap ignorant barnyard mentalities! One of The Pilgrims NYC 1969 events was listed on page 169 of the short run book, “The Pilgrims of the United States” (Profile Books, London, 2003) ---

PRINCE PHILIP, DUKE OF EDINBURGH

Philip is a world-famous eugenicist and population reduction advocate known for his he “wants to come back as a deadly virus” (to sharply reduce the number of commoners and serfs) makes you wonder about this Corona virus epidemic. Nearing age 100, Philip, descended from Danish, German and Greek nobility, still [controls](#) over 700 organizations by means of committees who manage them and report to him; though most of this may have fallen to Prince Charles by now, as Philip turns 99 in June 2020. As a top member of the Royals, he’s a sponsor of The Pilgrims Society London and New York. This is a ROYALIST not a ROTHSCHILD organization! Like so many others, I started out believing the Royals are mere figureheads. After all the things I’ve seen, I was forced to 100% reverse my notions. A recent photo of Prince Philip, looking very much the vampire---

"A Secret Society gradually absorbing the wealth of the world."---Last Will & Testament of Cecil Rhodes

A similar problem is people insisting that Goldman Sachs runs the world or nearly so <https://wallstreetonparade.com/2020/01/goldman-sachs-the-vampire-squids-alum-control-two-fed-banks-the-u-s-treasury-the-european-central-bank-and-the-bank-of-england/>

Such articles border on **worthless**. Goldman Sachs is an important Pilgrims Society instrumentality, and that is all. The Pilgrims Society stands at the top, not JP Morgan Chase, Federal Reserve, Bank of England, Barclays, Goldman Sachs or the CIA---all instrumentalities only, and not the SOURCE! The You Tube interview shows and most PM sites have completely ignored this research on The Pilgrims Society. There is no way in hell I could have fabricated what I've presented! Read carefully line by line including scans to the end and ask yourself could I have

fabricated this? How could I insinuate information into books with which I had nothing to do with the printing of and things that happened before I was even crawling?

**"Their works are in the dark, and they say who seeth us?  
And who knoweth us?" --- Job 21:7**

Appearing at 321 Gold recently was this brief item which appeared to be a struggle to allow the lower level Council on Foreign Relations to even

be mentioned; it would break people's jaws, crush their fingers and freeze their feet to have The Pilgrims Society spotlighted!  
<https://aheadoftheherd.com/Newsletter/2020/Paper-money-rejection-is-golds-Minsky-Moment.htm>

Who ordered the nationalization of gold in 1933? Who ordered the nationalization of silver in 1934? Why, the USA President did, and the fact that the President is in the vest pocket of these British Empire allied CONSPIRATORS means NOTHING to GATA, Dave Janda, "Watchdog" Greg Hunter, SGT Report, Silver Doctors, Silver Seek et al! Deep State? **HERE it is and nowhere else!** These site operators refuse to help shine the light of exposure onto this organization! They have large audiences

and could get the word out; I stand nothing to gain financially with coverage; and they all steadfastly refuse! ---

These site operators have much larger platforms than mine and could get this information, for which I never charge access, out to the public. Their refusal is textbook absolute.

Just one digression before focusing on the apex of power. Paul Craig Roberts had an opinion piece on Israeli influence in America linked at 321 Gold because **all Bob Moriarty can see is Israeli influence.** British influence going on anywhere? You have just got to be joking! <https://www.paulcraigroberts.org/2020/01/22/who-rules-america-2/> This shallow write up by Roberts focused on Israeli influence and again ignored the far transcending British influence. Israel is a creation of the Protestant Anglican British Empire! **PAUL CRAIG ROBERTS, distraction artist par excellence**, held the William E. Simon Chair at the Center for Strategic and International Studies in D.C. Simon was the Pilgrims Society member profiled in "Treasury Official Lies About Gold" released in July 2010 <http://nosilvernationalization.org/107.pdf> IMO Roberts is a Pilgrims Society "plant" flunky and certainly not a member. My intention was to list 100 members of The Pilgrims NYC for 1969 and a sampling of 10 members from the London branch for 1969. On rechecking the tally,

I had 104 from NYC and ten from London. It was necessary to divide this into four parts so as to not absorb too much of readers time per installment. The numerous corporate logos are to remind that advertising patronage controls editorial policy of media as much as direct ownership.

## Cordell Hull - Wikipedia

**Cordell Hull** (October 2, 1871 – July 23, 1955) was an American politician from Tennessee best known as the longest-serving U.S. Secretary of State, holding the position for 11 years (1933–1944) in the administration of President Franklin Delano Roosevelt during most of World War II.

**Battles/wars:** Spanish–American War   **Born:** October 2, 1871; Olympus, Tennessee, U.S  
**President:** Franklin D. Roosevelt   **Political party:** Democratic

Hull was Secretary of State from 1933 to 1944. In 1933 Hull led the American delegation to the International Monetary Conference in London held inside the Geological Museum. At that conference, with Hull's help, world monetary silver continued getting the shaft as the delegates agreed to allow British India to continue dumping tens of millions of silver ounces from melted rupee coins onto the world market, which is what caused the Great Depression in the first place---not the Crash of October 1929! With the price of silver crushed to 24.5 cents the ounce in February 1931, the silver money of India, China and the Far East was ruined, and USA exporters lost markets for their goods and had to layoff millions of workers! You will NEVER hear this great truth from History Channel or any other mainline media and very sadly, you notice gold and silver long websites parroting this horrific mythology that the October 1929 Crash caused the Depression. NO IT DID NOT!

While a Senator from Tennessee, Hull was responsible for the “progressive” income tax and inheritance tax laws, designed to prevent capital formation outside Pilgrims Society circles! Later Hull became known as “The Father of the United Nations.”

**Peruvian-American Association**  
Founded in 1939

THE PAN AMERICAN

The Pilgrims NYC 1969 roster stated its goal as “The promotion of the sentiment of brotherhood among the nations,” blah, blah, blah = British Empire world globalism---Elihu Root, Pilgrims Society, helped Andrew Carnegie, Pilgrims Society, set his sinister foundations. Contrary to mythology, Elihu Root was NOT opposed to the Federal Reserve System! These assorted Pilgrims Society fronts interested in nations to the South are of course exploitative vehicles for The Pilgrims objectives of “seizing” and “absorbing” wealth.

It was established in 1910 in New York City for "the promotion of the sentiment of brotherhood" among the American nations, and "especially the cultivation of good fellowship" between the people of the United States and those of Central America and South America. Elihu Root was suggested as the first president.

He was "gilt-edged" from head to toe, born in the exclusive Tuxedo Park New York, to this day a major haunting ground for mysterious members of the super-secret Pilgrims Society. He was with Air Force Intelligence for North Africa and the War Department General Staff. He held interests in Electronic Products Corporation and Santa Barbara Bank & Trust but more importantly was associated with JP Morgan interests in Paris France during the 1950s. Some fuss has been made over the matter of Harriman’s membership in Skull & Bones Society of Yale University, and those who’ve made the noise had nothing to say as to Harriman’s membership in The Pilgrims, because they were too poorly informed to have known anything about it. Harriman was an important administrator in the Lend-Lease Administration in World War Two, which most importantly 1) helped build up Soviet Communist Russia and leased 88MOZ silver to the

British for price management objectives. Harriman at right with mass murdered Joseph Stalin---

In 1943 to 1946 Harriman was Ambassador to the Soviet Union; to the United Kingdom for five months in 1946; he became Commerce Secretary into spring 1948; director of the Mutual Security Agency (1951-1953); Governor of New York 1955-1958; assistant Secretary of State for East Asian & Pacific Affairs (1961-1963); and undersecretary of State for Political Affairs (1963-1965). Like many other families represented in The Pilgrims organization, the Harrimans became related by marriage to the tremendous Livingston dynasty of the great Louisiana Purchase. Next photo, Pilgrims Society members Winston Churchill and Averell Harriman with Soviet dictator Joseph Stalin. At Yalta and Potsdam conferences following World War Two, members of The Pilgrims London and The Pilgrims New York literally gifted Eastern Europe and half of Germany to the Soviet Reds. Why? It may have had something to do with slowing those economies till they could be better exploited; Stalin's massacre of millions was OK with The Pilgrims eugenics ideals---at the Moscow Conference in 1944---

Harriman's first marriage was to the granddaughter of Charles D. Lanier (1837-1926), an early member of The Pilgrims Society of whom Wiki states---

"In 1655, his ancestor, Thomas Lanier, a French Huguenot refugee, came to America accompanied by John Washington, the great-grandfather of President George Washington. He served on the boards of the Southern Railway, the Pittsburgh, Fort Wayne & Chicago Railway (of which he was president and his father was the first president), Massillon & Cleveland Railroad, and a trustee of the Central Union Trust Company. In addition, he was a director of the Central Railroad of New Jersey, the West Shore Railroad the Western Union Telegraph Company, The Central & South

Lanier was a close friend of fellow banker Pierpont Morgan, and the two worked together on many of the largest and most important transactions of the day. ### A new concept airborne with the PT6

Frank Piasecki had a new concept of combining the vertical flight agility of the helicopter with the speed, range, stability and efficiency of the airplane. To prove the concept he wisely chose the PT6 to power the Piasecki 16H Pathfinder. Unrivalled in performance and dependability, the PT6 weighs 245 pounds, delivers 550 SHP

(maintained to 77°F), powers fixed wing as well as rotary wing applications. The Pratt & Whitney Aircraft PT6 is thoroughly tested and certificated to FAA specifications.

Should you have a new concept — start with the PT6 — you start with experience and proven dependability.
