**Ever seen a 10,000-ounce silver ingot? Read this MMM series!
(See #2 in this series)**

Peter Hug spewed out misdirection in a Kitco [interview](#) on March 17, 2020. Hug worked for Nick Deak who had shady [connections](#). A far better view is at <https://www.sprottmoney.com/Blog/bullion-bank-and-central-bank-collusion.html> On March 19, 2020, Bob Moriarty of 321 Gold posted a brief, and childishy simplistic laughingstock [denial](#) that manipulation has just occurred to crash silver. It would win over anyone in special education class. This inadequately brief and intellectually incapacitated “golly gee whiz” article failed to address SHORT CONCENTRATION and POSITION LIMITS which Butler has long been champion of complaining about. Why address any point that shoots your la-la land idea down, Bob? **Powerful foreigners who were**

torched by concentrated COMEX silver shorts and complicit regulators were painfully aware of the illegal short corner in silver OVER FORTY (40) YEARS AGO BOB! Nor did Bob address the obvious “rat’s rump on a banana split” interest conflicts of the scandalous staffing shuttle between the CFTC and the bullion banks! But! Bob now confirms himself as eminently acceptable in a “mental health” sense---“mentally healthy” people do not believe that big bankers are out to screw anyone! Even Treasury Secretary Douglas Dillon admitted plans to hold silver low “for many years to come” in The Economist, London, July 13, 1963, page 166. Silver (and gold) MUST be suppressed to prevent undue embarrassment to Federal Reserve “money” lest too many start thinking metals should be remonetized as currency! Also the COMEX unstated rule is that big banks can sell short what can’t be delivered, and they NEVER have to cover on an upswing! “Allocations” (rationing) of silver eagles has taken place for years, and would not have if a free market price for mined silver had prevailed! **Has Bob Moriarty been paid off, or is he just genetically missing the specific brain cells to grasp these matters? Does Mister “BM” know anything about the “Crime of 73?” Was it caused by a conspiracy, in the opinion of the millions of people whose wealth was destroyed by a tiny handful of gold magnates and their monometallic “gold only” subordinates in the United States Congress?**

Who is a bigger wheel, Eric Sprott or Bob Moriarty? Eric Sprott, very likely. Whose views does Eric Sprott routinely headline? Craig Hemke. Does Hemke conclude precious metals are manipulated? Yes he DOES!

Charles Savoie asserts that all PM is controlled by "The Pilgrim Society" Its certainly an interesting read! - Quote:

"The Pilgrim Society founded on July 24, 1902, with thousands of interlocking connections, is closer to the inner circle of the New World Order conspiracy than the CFR. The Pilgrim Society, initially funded by the Rhodes Foundation, is the most secretive and certainly the most dangerous such organization, and is in control of the world's money supply. The Pilgrim Society has controlled every president since Theodore Roosevelt."

On Friday the 13th, March 2020, and extending into March 16 Monday, we witnessed the Money Power lashing out against the monetary metals with a monstrous berserk ferocity that would make bloodthirsty pillaging Mongol horsemen seem like meek "castrati" choirboys. This intro is

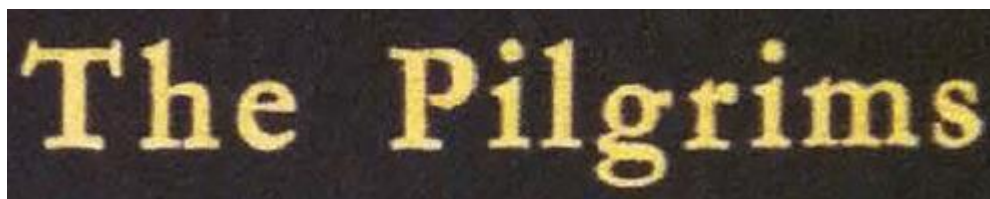

identical in all 8 installments; if you've read it, scroll down to the first profile in #5, Baldwin Maull.

“The most powerful international society on earth, the “Pilgrims,” is so wrapped in silence that few Americans know even of its existence since 1903.” ---E.C. Knuth, “The Empire of The City: World Superstate” (Milwaukee, 1946), page 9.

“This is the most powerful and secretive group in the world bar none”
---my great European colleague Joel Van Der Reijden

The following is from the Christian Science Monitor, December 2, 1964, reprinted in the House version of the Congressional Record on January 5, 1965, page 110--- Robert V. Roosa was a very key player with his boss at Treasury, Douglas Dillon, in eliminating silver coinage as of 1965--- both members of The Pilgrims Society---this information has **NO VALUE WHATSOEVER** to the “alt news” and “sound money sources” I am about to mention---

“Much of the job of neutralizing dollars abroad to prevent a run on the U.S. gold stock was carried out by Mr. Roosa in cooperation with the Federal Reserve (note---chaired by Pilgrims Society member William M. Martin Jr.) HE NEGOTIATED FOR THE UNITED STATES IN SETTING UP THE LONDON GOLD POOL WHICH DAMPENED DOWN GOLD PRICE SPECULATION.”

The text "The Pilgrims" is displayed in a large, serif font with a yellowish-gold color, set against a dark, textured background that resembles a book cover or a sign.

Members of The Pilgrims Society London drove Chunilal Saraiya to suicide by bullet in November 1913 after they broke his Indian Specie

Bank and plundered his 803 tons of silver. The Hunt brothers were not the first victim of this secret society which dragged the planet to fiat currencies. Two generations earlier, The Crime of 1873 transpired and it remains the most severe blow ever inflicted on silver holders, even more so than what the British did to silver to cause the Great Depression. The ruination of the Hunt brothers was a squirt gun compared to those howitzer events.

In "The Fountainhead" (1943) Ayn Rand spoke of "the glaringly evident which everybody has decided not to see."

Bill Murphy, Chris Powell, Dave Janda, Greg Hunter, Bob Moriarty, Gary Christenson, Dave Hodges, Chris Martenson, Eric King, Mike Maloney, Stefan Gleason, Doug Casey, Ed Steer, Peter Spina, Sarah Westall, Zero Hedge---et al---"Pilgrims Society? ***"NOTHING TO SEE HERE! The Pilgrims of the United States

"THIS SINISTER ORGANIZATION, THE PILGRIMS OF THE UNITED STATES" ---page 96, "War Plotters of Wall Street" (1915) by Charles Collman.

The
Pilgrims of the United States
of America

"I have seen the wicked in great power"

Psalm 37:35

In a 1913 [book](#) titled "The New Freedom," Woodrow Wilson reflected with an ominous and foreboding note---

"Since I entered politics, I have chiefly had men's views confided to me privately. Some of the biggest men in the United States, in the field of commerce and manufacture, are afraid of somebody, are afraid of something. They know that there is a power somewhere so organized, so subtle, so watchful, so interlocked, so complete, so pervasive, that they had better not speak above their breath when they speak in condemnation of it."

There can be no other organization Wilson could possibly have been cryptically alluding to other than The Pilgrims Society in New York; and we will lay bare 100 plus of these Worthy Gentlemen from The Pilgrims 1969 leaked roster. I want the unbiased readers to evaluate the details in this MMMM series and then ask---why the stonewall refusal of people like Mike Maloney and Chris Powell to allow any mention of this organization? Silver Doctors and Greg Hunter?

The final installment in this series of four to six parts (number to be determined) contains a postscript. If you feel you don't have time for the series, take time for the postscript at the series conclusion; it's an attempt to rectify an injustice done to dozens of well-known names in the silver sphere. The introductory pages of each installment are repeated each time for benefit of those who read only one presentation;

so, immediately skip the intro on successive presentations if you read this opener. However! Skimming over the presentations will not allow justice to be done to this historical overview I am providing to metals longs---at no charge. Giving a good overview of the metals suppressing community can't be done with real brevity---I have no "Jesus wept" text which can enlighten in two words.

Some details are definitely more relevant than others; the other details are for objective of demonstrating the web of influence of these people; and these other details are therefore ramifications, not "tangents" as Chris Powell misstated <http://www.gata.org/node/7424> on May 16, 2009---

"Another longtime writer about the silver market, Charles Savoie, had sought some years earlier to call attention to Johnson's market-rigging pledge. Though it includes much more politics than GATA's charter allows and flies off on dozens of conspiratorial tangents unnecessary to GATA's objectives, Savoie's work deserves acknowledgement, for its own sake and for establishing two bigger points. The first is simply biblical: "The thing that hath been, it is that which shall be; and that which is done is that which shall be done; and there is nothing new under the sun." Or as Harry Truman said more plainly, "The only thing new is the history you don't know."

"That is, the proofs of the gold and silver price suppression scheme are so numerous and constitute such a vast public record that even some conscientious students of the scheme can be surprised now and then. GATA would speak for this class too, giving full credit to those who, like Savoie and Lips and so many others, helped to pass the secret knowledge along. But if this knowledge is to prevail and save the world from the ever-more outrageous depredations of the financial class, it can be secret no longer and no one can be allowed to get proprietary about it.

It simply has to be shared -- no, proclaimed -- with credit if possible, but without credit is fine too.”

Without credit is fine too? The community leaders won't even link this research. Let the rank and file decide if they want to read these presentations. Instead, the alt news and hard money leaders blacklist this research as relentlessly as regular media. Special thanks to Silver Market News Online which very exceptionally in a large field of websites, has allowed coverage.

The below book from 1937 on elite dynasties failed to mention The Pilgrims Society; though he could have discovered it by reading listings in “Who's Who” volumes of his time; The Pilgrims Society represents old wealth tracing back to colonial times; the “robber barons” of the 1800s and many others; interrelated genealogies are pervasively extensive---the organization has frightening sponsors---the English Royal family, who are intent on “retaking the colonies” and merging America into the British Commonwealth by non-military means of course---

Ridiculous terms such like "The Deep State" and "The Cabal" and "The Banking Cabal" are excuses for 1) being woefully uninformed; people using these terms lack access to more specific, focused information; 2)

they are too lazy to develop more explicit information; and 3) some do have better information, but refuse to mention it, due to being part of organized cover-up or being too timid to venture into deeper waters. Raving about “The Deep State” gives people an excuse to remain nonspecific though they also prattle away about “globalists” and “Zionists” and the kid’s fable that “the Rothschilds are the planet’s only money powers.” Deep State prattlers can’t even mention such basics as CFR, Trilaterals or Bilderberg. Clive Maund on January 5 stated Israel [controls](#) America. Actually England controls both America and Israel, having created both. Bob Moriarty sees lots of Israeli influence. There certainly is. From reading Bob, he sees little or no British influence. It is **not Israel but England** which has sent Rhodes Scholars back to America to be Presidents, Senators, Congressmen, Governors, university presidents, ambassadors and other posts, indoctrinated into the British Empire schemes stated by Cecil Rhodes, who also envisioned The Pilgrims Society---the Mysterious Metals Manipulators. Only a very few Rhodes Scholars ever rise up into Rhodes top organization, The Pilgrims, which was set up to be “a secret society gradually absorbing the wealth of the world” (Review of Reviews, May 1902, page 557). **England, not Israel,** has dragged America into two World Wars. **England, not Israel,** caused the Great Depression by dumping Indian silver onto world markets, collapsing the value of the Far East’s money, causing failure of American export industries and concomitant idling of millions of workers. **England, not Israel,** launched the League of Nations as an attempt at world government; and England, not Israel, used America to launch the United Nations as an attempt at world government---**ISRAEL WAS NOT INVOLVED,** period! **England, not Israel,** has a “Commonwealth,” land area which encompasses 11,566,870 square miles (not including sections of Antarctica claimed by Britain, Australia and America) and not including the United States itself, which is still very

much a British colony---covertly. Anglicans and Episcopalians are the dominant religious faction in world finance, to the contrary of “Rothschild only” cultists. The dumbed down “Rothschild only” faction has manufactured this as a lazy and lame excuse to be relieved from researching other power groups. A review of a leaked Pilgrims roster from a half century past gives a typical overview of metals management at the very topmost levels. We’ll take an overview of 100 of these members and a sampling of ten members from the London branch. These are the same people who were behind the Coinage Act of 1965 and the London Gold Pool which terminated in spring 1968; their ancestors were behind the first and second United States Banks---forerunners of the Federal Reserve, of which they were also creators. For this reason we’ll examine characters from The Pilgrims NYC 1969 roster, the closest to 1965 I have.

These men were primarily New Yorkers; or resided in Connecticut and New Jersey and had offices in Manhattan; the finance center controlled the Senators and Congressmen who all voted for the Coinage Act of 1965, as another blow against the use of silver as money! They were not at all Jewish, but rather, Episcopalian dominant!

We indeed will see a Rothschild here in part 2 but this idea that no one else is involved and no other families matter comes from low level cheap ignorant barnyard mentalities! One of The Pilgrims NYC 1969 events was listed on page 169 of the short run book, “The Pilgrims of the United States” (Profile Books, London, 2003) ---

November 5
Presentation of the Gold Medal
and dinner for
PRINCE PHILIP, DUKE OF EDINBURGH

Philip is a world-famous eugenicist and population reduction advocate known for his he “wants to come back as a deadly virus” (to sharply reduce the number of commoners and serfs) makes you wonder about this Corona virus epidemic. Nearing age 100, Philip, descended from Danish, German and Greek nobility, still [controls](#) over 700 organizations by means of committees who manage them and report to him; though most of this may have fallen to Prince Charles by now, as Philip turns 99 in June 2020. As a top member of the Royals, he’s a sponsor of The Pilgrims Society London and New York. This is a ROYALIST not a ROTHSCHILD organization! Like so many others, I started out believing the Royals are mere figureheads. After all the things I’ve seen, I was forced to 100% reverse my notions. A recent photo of Prince Philip, looking very much the vampire---

"A Secret Society gradually absorbing the wealth of the world."---Last Will & Testament of Cecil Rhodes

A similar problem is people insisting that Goldman Sachs runs the world or nearly so <https://wallstreetonparade.com/2020/01/goldman-sachs-the-vampire-squids-alum-control-two-fed-banks-the-u-s-treasury-the-european-central-bank-and-the-bank-of-england/>

Such articles border on **worthless**. Goldman Sachs is an important Pilgrims Society instrumentality, and that is all. The Pilgrims Society stands at the top, not JP Morgan Chase, Federal Reserve, Bank of England, Barclays, Goldman Sachs or the CIA---all instrumentalities only, and not the SOURCE! The You Tube interview shows and most PM sites have completely ignored this research on The Pilgrims Society. There is no way in hell I could have fabricated what I've presented! Read carefully line by line including scans to the end and ask yourself could I have

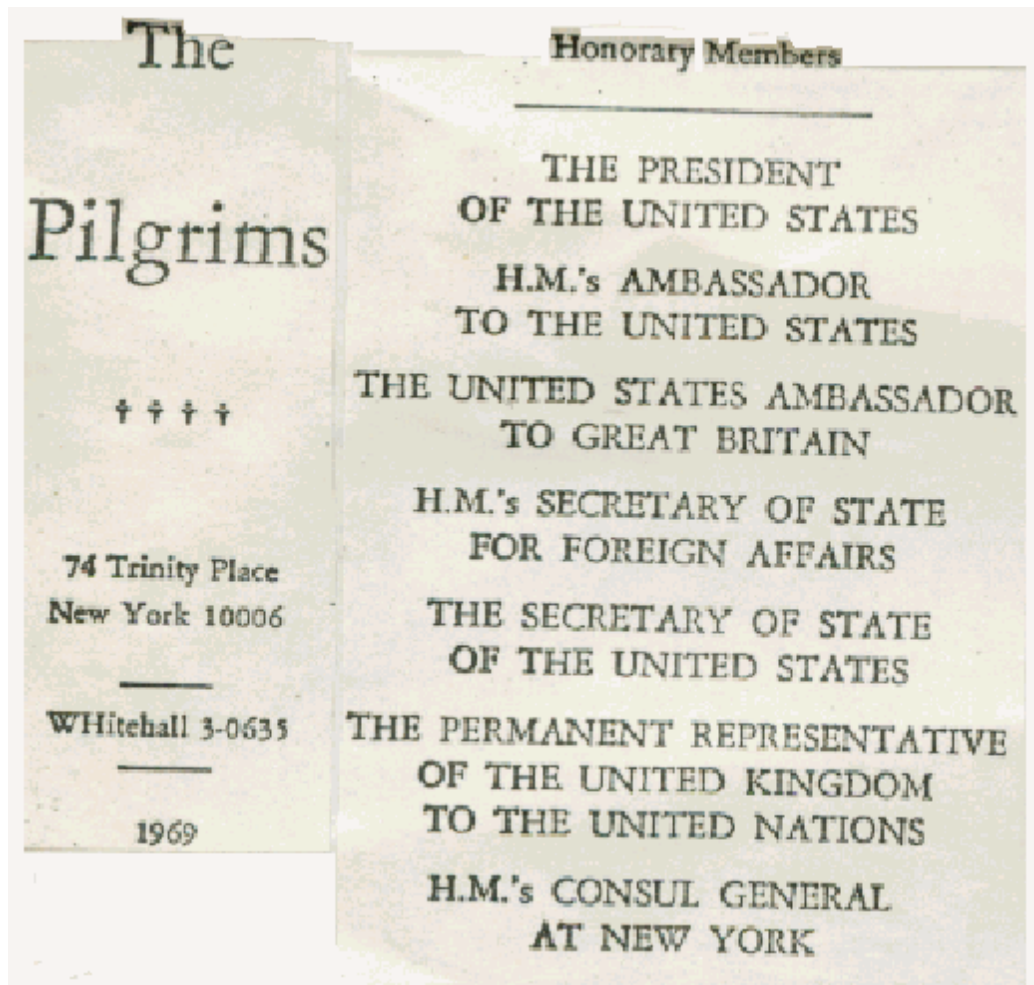

fabricated this? How could I insinuate information into books with which I had nothing to do with the printing of and things that happened before I was even crawling?

**"Their works are in the dark, and they say who seeth us?
And who knoweth us?" --- Job 21:7**

Appearing at 321 Gold recently was this brief item which appeared to be a struggle to allow the lower level Council on Foreign Relations to even be mentioned; it would break people's jaws, crush their fingers and

freeze their feet to have The Pilgrims Society spotlighted!
<https://aheadoftheherd.com/Newsletter/2020/Paper-money-rejection-is-golds-Minsky-Moment.htm>

Who ordered the nationalization of gold in 1933? Who ordered the nationalization of silver in 1934? Why, the USA President did, and the fact that the President is in the vest pocket of these British Empire allied CONSPIRATORS means NOTHING to GATA, Dave Janda, "Watchdog" Greg Hunter, SGT Report, Silver Doctors, Silver Seek et al! Deep State? **HERE it is and nowhere else!** These site operators refuse to help shine the light of exposure onto this organization! They have large audiences and could get the word out; I stand nothing to gain financially with coverage; and they all steadfastly refuse! ---

These site operators have much larger platforms than mine and could get this information, for which I never charge access, out to the public. Their refusal is textbook absolute.

Just one digression before focusing on the apex of power. Paul Craig Roberts had an opinion piece on Israeli influence in America linked at 321 Gold because **all Bob Moriarty can see is Israeli influence.** British influence going on anywhere? You have just got to be joking!
<https://www.paulcraigroberts.org/2020/01/22/who-rules-america-2/>

This shallow write up by Roberts focused on Israeli influence and again ignored the far transcending British influence. Israel is a creation of the Protestant Anglican British Empire! **PAUL CRAIG ROBERTS, distraction artist par excellence**, held the William E. Simon Chair at the Center for Strategic and International Studies in D.C. Simon was the Pilgrims Society member profiled in "Treasury Official Lies About Gold" released in July 2010 <http://nosilvernationalization.org/107.pdf> IMO Roberts is a Pilgrims Society "plant" flunky and certainly not a member. My intention was to list 100 members of The Pilgrims NYC for 1969 and a sampling of 10 members from the London branch for 1969. On rechecking the tally, I had 104 from NYC and ten from London. It was necessary to divide this into four parts so as to not absorb too much of readers time per installment. The numerous corporate logos are to remind that

advertising patronage controls editorial policy of media as much as direct ownership.

Mellon National Bank

Notice this one had a brother in law also in The Pilgrims NYC 1969 roster---

Disston, Brig. Gen. Harry
NYNG

Effie and Harry Disston's grandfather owned four [million](#) acres of land in Florida, among other holdings in Pennsylvania. Yeah, yeah I know! "Nobody owns anything but the Rothschilds" this thought comes from many tiny ignorant minds who can't even pronounce "Rothschilds" correctly and are decidedly too lazy to do any meaningful research into national and world finance matters! Notice Mayer was another Episcopalian; The Pilgrims Society is very Episcopalian dominant due to

being the USA extension of the Royal family's Church of England. The original H.J. Heinz was a member of The Pilgrims as was his son, Henry J. Heinz II, who was a Mellon Bank director and on Bilderberg steering committee. Bilderberg researchers nearly never mention its interlock with The Pilgrims, nor the FACT that it's a mere extension of the older and superior group.

Mellon, Paul

Andrew Mellon was a multi-term Treasury Secretary in the 1920's and became Ambassador to England and ended up on The Pilgrims USA executive committee. **This man was far and away the top financial genius of the twentieth century.** His holdings extended to over 300 corporations. As Treasury Secretary he cost USA silver producers many millions of dollars due to his refusal to follow the silver purchase terms of the Pittman Act of 1918 and the Supreme Court upheld that injustice. Texas Congressman Wright Patman alleged Mellon's fortune to be "equal to two-thirds of all the gold in the entire world" or "equal to the entire value of all the property in the State of Texas" (see biography of his son Paul Mellon, who also became a member of The Pilgrims). Andrew Mellon was the single biggest war profiteer in America from World War One. Mellon was the ONLY man to hold off JP Morgan's U.S. Steel with Union-Sharon Steel; and Mellon was the ONLY man to hold off the Rockefellers Standard Oil with Gulf Oil Corporation! "Paul Mellon literally owns Gulf Oil" and "Billions, zillions, do not seem unusual to Paul

Mellon” (biography above). Mellon National Bank merged with Bank of New York, another decidedly Pilgrims Society entity, to form the present Bank of New York Mellon, which represents some \$32 TRILLION in assets. **People raving “the Rothschilds own everything” are as simple as barnyard goats!**

Chemical Bank was a key forerunner to the current JP Morgan CHASE Bank. Miller as a member of the Commission on Money and Credit (along with other members of The Pilgrims, keep reading) advocated against retention of silver coinage in our payments system, as the commission recommended its termination.

Henry Sturgis Morgan, third generation member of The Pilgrims Society, had obviously Sturgis (old English) ancestry and he also married into the genealogical line of both Presidents Adams! **Both Adams were in favor of the central bank!** Notice Henry on the board of large silver user General Electric. Charles Francis Adams IV, also in The Pilgrims 1969, was also descended from John Adams and John Quincy Adams. Adams IV was chairman of defense contractor Raytheon and a director of First National Bank of Boston, among other levers of power his hands were on. Henry S. Morgan founded Morgan Stanley & Company with Harold Stanley, Pilgrims Society.

Note his trusteeship in Carnegie Institution of Washington. There are so many instances of entities started by members of The Pilgrims which are “guided” after their passing by more recent members, it confirms the pattern beyond question. The grandson of the original John Pierpont Morgan Senior was also a member of the Bohemian Club with a building in San Francisco and a private “grove” away from the metro area, a club about which some buzz has been made as to it being the nerve center of America; however, that distinction far more definitely falls to The Pilgrims Society; and as to which club, the Pacific-Union or the Bohemian is the more powerful, it appears to be a toss-up; there’s plenty of joint memberships---

White's Gentleman's Club is London's most exclusive gentleman's club in London. Women, except Queen Elizabeth II, aren't invited. Men wanting to join must have 35 signatures by members and the waiting list is quite long. Both Prince Charles and Prince William are reportedly members. British Prime Minister David Cameron quit the club over its male-only policy conflicting with politics, even though his late father Ian Cameron was once chairman.

Junius Spencer Morgan III (1892-1960), the elder brother of Henry Sturgis Morgan, was also a member of The Pilgrims USA.

The Mortimers as a family have tons of marriage links to other Pilgrims Society dynasties (and therefore to the giant New York bullion banks)--- the Livingstons (land); [Biddles](#) (second U.S. Bank); Ledyards (Railroads); Harrimans (railroads); Shields (investment banking); Paleys (CBS);

Tilfords (Standard Oil); to John Jay, America's first Supreme Court Chief Justice. and others. Several Mortimers appear in The Pilgrims 2014. The Mortimers trace ancestry to a knight accompanying William the Conqueror in AD 1066 England. Roger [Mortimer](#), the second Earl of March, became a charter member in AD 1348 of the Order of the Garter founded by King Edward III. The Order still exists today consisting of elite advisors to the British Sovereign and is limited to 26 members. Like so many other dynasties in The Pilgrims organization, the Mortimer family history and genealogy is nothing less than eye-popping.

The Century Association, founded in 1847, is important in the constellation of elite social clubs interlocked with The Pilgrims, which is very decisively the top group in Manhattan. Pilgrims have been prominent in the National Society for the Prevention of Blindness which helps them get a veneer of benevolence; funding retinal research, eventually patents will be secured so that blindness can be reversed and in the process, seize the entire net worth of families affected---same as with their cancer “research” (in which cheap cures already exist---lactoferrin and artemisinin---**not B-17 by G. Edward Griffin!**)

Head Office: 55 Wall Street, New York

(1910-2003)

We read about Harris, Upham & Company previously. First National City Bank, forerunner of Citigroup. Allied Chemical, silver user then chaired by Pilgrims Society member John T. Connor. ITT Corporation was most likely another silver user. Sosthenes Behn (1884-1957) Pilgrims Society, founded ITT. Notice Perkins linkage to the old Sturgis family as in Henry Sturgis Morgan we visited earlier. Another Pilgrims member supervising an entity left by an earlier member, Andrew Carnegie's Carnegie Institution of Washington. As a member of the executive council of the American Bankers Association he'd have been aware of what their monthly journal "Banking" said in the April 1965 edition, page 117, said---

"Silver hoarding would have to be outlawed."

Member executive council of American Bankers Association---he was opposed to silver as money. The Menninger Foundation is a psychiatry think tank inventing new ways to slander people as "mentally ill," a way for funny money people to toss mud at hard money advocates. Hypocritically, this banker sent others off to war while he remained safe at home! After graduating from Drexel Institute he got on with what is now Cravath, Swaine & Moore, top tier Pilgrims Society law firm.

Percy Rivington Pyne II was in The Pilgrims 1914 NYC roster; apparently an uncle of E.W. Pyne. James Rivington was a well-known British loyalist during the American Revolutionary War! National City Bank was a

precursor to the present Citigroup. In the Panic of 1837 John J. Astor installed Moses Taylor (1806 to 1882 and E.W. Pyne's maternal great grandfather) at the helm of City Bank of New York, later National City Bank of New York. In the Panic of 1857 Taylor bought railroad shares at \$5 which recovered to \$240 and by [1865](#) were worth \$49 million. Taylor held interests in telegraph, real estate and gas companies. Grace & Company was a chemical concern run by a fellow member discussed previously; it may have been a silver user. Notice E.W. Pyne was on The Pilgrims executive committee and also president of the anti-silver Bankers Club of America. E.W. Pyne was in the 1957 roster and may have been a member by 1955. **The Pynes are linked by marriage to the Howlands, a Mayflower family and well represented in this sinister Pilgrims Society, and to John Insley Blair (1802-1899), whose railroad fortune was among the 15 largest fortunes in 1800s America; Blair seized huge acreage in Iowa by bribing the legislature; the famous Winthrops of Massachusetts Bay Colony are also in this storied genealogy.** The Pynes held interests in New Jersey Zinc Company, Delaware & Lackawanna Western Railroad (controlled by Moses Taylor as of 1857) and other business concerns.

WELL-WELL, another NON-JEW in charge of a high post in the Federal Reserve System---explodes and trashes this dummy myth that “the Jews own and run the FED!” Bernanke and Yellen were mere figureheads to confuse all the STUPID Jew baiters! As for Greenspan, he was less of a figurehead than those two. I have made the point that while Episcopalians dominate the USA Pilgrims, occasionally there are others, especially Presbyterians, Scottish origin Crown loyalists, like William McChesney Martin Jr., who ran the FED 1951 to 1970, and even a few Unitarians (quasi-athiest). What happened with Martin versus what happened with Bernanke and Yellen after they left the FED is very revealing. Bernanke and Yellen became think tank academics while Martin was catapulted onto major boards---Royal Dutch Petroleum, U.S. Steel and others and reorganized the New York Stock Exchange. P.D.
